

Investigation continuing into death of teenager

Wellington OPP continue to investigate the murder of Matthew Virgin, of Belwood, who was found injured and unconscious on the Ninth Line in Erin Sunday, September 9.

MATTHEW VIRGIN

Virgin, 19, who recently moved from Acton, died at Hamilton General Hospital the next day.

Const. Keith Robb said police are still awaiting the results of forensic testing done on a blue four-door car that police removed from a Cook St., Acton address the day Virgin was found on the Ninth Line.

Initially police believed Virgin was the victim of a hit and run accident but further investigation led them to treat the death as a homicide.

A post mortem revealed Virgin had been beaten to death with a blunt object.

Emergency forum planned

Halton Region will host an education forum about planning for emergencies, Wednesday, Nov. 21, 7-10 p.m. at the region building in Oakville.

The educational forum promises to answer questions about the region's emergency preparedness.

Panel members will include Halton Police Chief Ean Algar, Halton Region Chairman Joyce Savoline and Halton Region Chief Administrative Officer Brent Marshall among others.

Counterfeit seminar goes Tuesday

Business owners and members of the public are welcome to attend a "How to Detect Counterfeit Currency" seminar in Oakville Tuesday, Nov. 20.

The seminar will be presented by Halton Regional Police and the Bank of Canada from 9 a.m.-10:30 a.m. at Bronte Legion, on Jones St. south of Lakeshore Blvd. Self-detection and information kits will be provided. For info call Const. Shane Crawford at 905-825-2737.

CAUTION - DENTURES OVER 5 YEARS OLD?

Removable dentures are made of hard, rigid material, unlike your face, mouth and jaw that are constantly changing over the years. Dentures cannot adapt to these changes, and teeth wear down and become dull with time - your denture might still be in good physical condition, but it's fit changes slowly over time, and most people adapt to the changes even though they are illfitting. Your dentures should be checked annually, and replaced every 5 to 10 years. If dentures are not updated, you may suffer adverse health problems, such as painful, irritated gums, softening of the gum, headaches, ear aches, neck pain, more labourous chewing that causes poor digestion. Not to mention sagging mouth that can make you look older. Don't take chances with your health. Give us a call for a check up today!
