*The Perfect Combination for Immune System Health*

Moducare is a proprietary blend of plant sterols and sterolins that research shows play an important role in balancing the immune system. Moducare has been used in clinical trials to treat autoimmune disorders and allergic conditions and is backed by 20 years of research. Moducare is excellent as a daily preventative to maintain and enhance the immune system

MULTI-MUNE is a new high quality formula available that contains the necessary nutrients that we need to keep us protected from viruses, bacteria and parasites. If you eat junk food, or are too busy to eat the required 7-10 half cup serving of fruits and vegetables each day or are on a weight-loss, diet or fitness program you may not be getting adequate nutrients to support your immune system. MULTI-MUNE to the rescue!

**GOLF TIP**

"The only shots you can be dead sure of are those you've had already."  
 - Byron Neilson

It's the middle of March, the air is warming, the snow is melting and golfers are becoming anxious.

I know golf is on your mind and you probably can't wait to be walking down a green fairway at your favourite course. So let's talk golf or should I say practicing golf, which is what we should be doing before playing.

If you haven't been practicing this winter it's time to start getting yourself ready for the upcoming season.

Start by swinging one or two clubs together. Get your body used to the golf swing again. Think about tempo and balance, don't swing hard. Do you remember the first bucket you hit last year? Sore back? Yeah... me too.

Practice with a purpose or a goal in mind.  
 Practice breeds confidence.  
 Try making this your best season yet!
