## Service comes first at Superlube

After nine years of operating Superlube in Orangeville, the Osborne family brought the business home.

While they still have their Orangeville operation, the Georgetown residents took advantage of an opportunity to expand into their home town in November.

Mark and Brenda Osborne and their son Dave operate their Superlube from their location at the corner of Armstrong Avenue and Mountainview Road. And their nine years of experience in Orangeville is being put to good use in Georgetown.

"When we opened here we had the advantage of knowing how things needed to work," said Brenda Osborne. "Service is the biggest thing—it is foremost to our employees. The crew that we've got here are conscientious and they have a good

knowledge of what the customer wants."

Service also means providing value for the customer's money. To ensure that, Superlube does the extras such as topping up fluids, oiling doors, checking tires and regulating tire pressure.

Superlube uses quality products from Quaker State, Castrol and Penzoil as well as Performa, an additive which is excellent for cleaning the engine for emission testing.

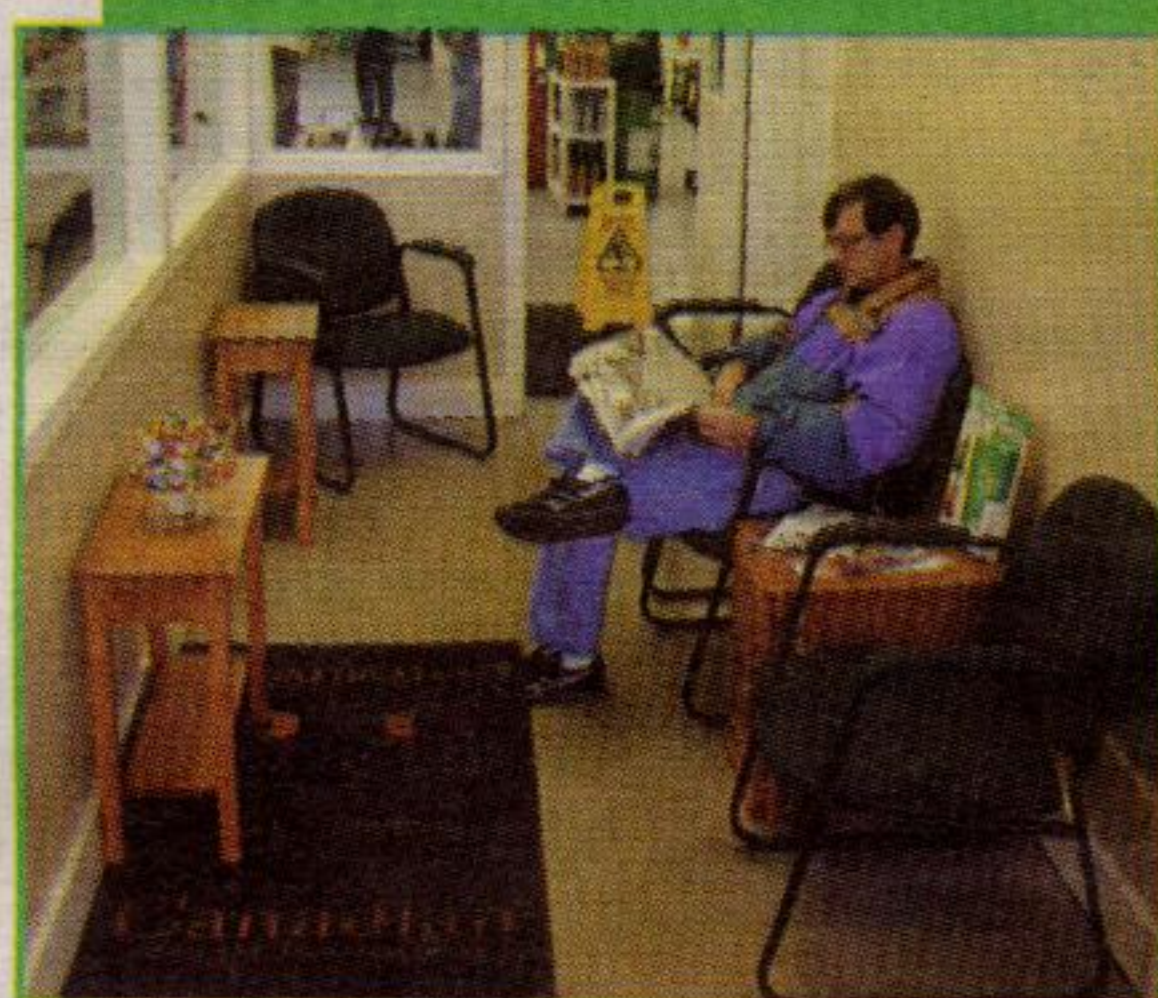

Superlube also does undercoating for cars and trucks as well.

Superlube is located at 5 Armstrong Avenue, Unit 5 and is open seven days a week, from 8 a.m. to 7 p.m. Monday to Friday, 8 a.m. to 4 p.m. Saturday and 10 a.m. to 3 p.m. Sunday. Appointments are not required.
