ANNOUNCEMENT

STIEN LIGTERINK

Wm. Osler Health Centre and Georgetown Hospital Volunteer Association congratulates **STIEN LIGTERINK** on receiving the high honour of Provincial Life Membership. The award took place at the Ontario Hospital Auxiliary Association Region 5 Conference in Paris, Ontario on April 24, 2002.

Mrs. Ligterink received her award for her 25 years of dedicated weekly service and leadership in the Georgetown Hospital's Volunteer Hairdressing Service.

Congratulations Stien!

We Care gets accreditation

We Care Home Health Services Inc., one of Canada's largest health services firms, has met the national accreditation standards established by the Canadian Council on Health Services Accreditation (CCHSA).

The Peel Region/Georgetown office opened in 1994. The company has a total of 15 offices providing home health care to more than 240 communities in Ontario.

While accreditation is mandatory for institutions, We Care, a home-care health agency, elected to undertake CCHSA's rigorous process.

"Our recent accreditation by the Canadian Council on Health Services Accreditation (CCHSA) reconfirms that We Care Peel Region delivers consistently high quality health care services that meets or exceeds client expectations," says manager Dorothy MacEwen.

We Care offers a full range of health care services to clients at home, in hospitals and long-term care facilities. The company also provides staff relief to hospitals, nursing homes and other facilities. They are available 24 hours a day, seven days a week.

For more information about We Care call MacEwen 905-457-8669 or check them out on the web at www.wecare.ca.

... Lend Me Your Ears

By Cory Soal R.H.A.D.

CHANGES AND ADJUSTMENTS

It may be necessary from time to time to have changes or adjustments made to your hearing aids or molds.

Your hearing can change slightly; you can gain or lose weight; develop circulation problems; develop an allergy...the list is long.

Hearing Instrument Practitioners will want to see you on a regular basis to ensure you are receiving maximum benefit from your aids. No problem is "too small" to have checked. Your hearing is too precious not to receive the best possible attention.
