# Red-hot Bulldogs equal team mark

The Halton Hills Bulldogs equaled a six-year-old team record with a 16-5 win over Markham Thursday but breaking the record will be much tougher.

The Bulldogs' win over the expansion Ironheads was their eighth in a row, matching the team's longest regular season winning streak. The 8-0 Bulldogs will have to beat their division rivals, the Elora Mohawks, to establish a new mark. Elora, on a seven-game winning streak of its own, hosts the Bulldogs tonight (Wednesday) at 8 p.m.

The game will feature the league's top two

scorers. Daryl Veltman passed Elora's Jamie Rooney in the league scoring derby with an eight-point night against Markham. Veltman scored three times and set up five more. Meanwhile, Richard Haan extended his goal-scoring streak in a big way with five goals. Haan, who has scored in all eight games, has team-leading 25 goals this season.

Scott Aitken also contributed a hat-trick for the Bulldogs while Ryan Oldham had a pair. Mike Dube, Jason Ford and B.J. Brown each had a goal and an assist. Tyler Phillips and Jimmy Williams each had two assists.

# Rebel golfers win

A one-two finish by Robbie Greenwell and Gavin Aldridge led the Georgetown District High School Rebels to the Halton/Golden Horseshoe Athletic Conference golf championship.

The season consisted of five tournaments—three stroke-play events which also determined the individual placings as well as a match play and scramble event which also factored into team placings.

The Rebels won four of five tournaments, including the season finale at Blue Springs Golf Club in Acton, an event that was contested in high winds and rain.

Greenwell led the field with a three-round total of 238 while Aldridge was second at 242. Rounding out the team, sponsored by Household Finance Corporation and Rick Aldridge, at the Ontario Federation of Schools Athletic Association (OFSAA) tournament will be Kevin Binsell, Dave Sproule and James Mountford.

"To have two people capable of winning the individual title helps a lot," said coach Mike Sherlock. "The other guys are also capa-

**WORLDS CHEAPEST STRESSBUSTER - A SMILE!**

Put on a happy face! An annoying musical adage - or sound medical advice? Score a big grin for science. Research shows that the physical act of smiling - even when you don't feel like it - can measurably reduce stress and improve your mood. Psychologist Paul Ekman of the Human Interaction Lab at the University of California, San Francisco, has discovered that faking a smile produces the same changes in brain activity, respiration, skin temperature, and heart rate as a genuine feel-good smile - and these physical changes promote a sense of well being. Smiling may also boost your mood because it elicits positive responses from people. Faking a smile won't jolt you out of a serious depression, notes Ekman, who has been studying facial expressions for 30 years. But it can lift your mood and help you relax!

Creating confident smiles since 1982.

### Child Abuse Breaks Hearts

Child abuse is a far-reaching problem that affects children of all ages, socioeconomic levels and ethnicities. It is every adult's responsibility to help stop child abuse by reporting suspected abuse or neglect. If you believe a child has been harmed, or is in danger of being harmed, call your local department of children and family services or your local police department. If you are a parent, do your best to provide a nurturing, loving home environment for your child. If you need help doing this, there are resources to help you - look online or in the phone book, or ask for assistance through your church or your child's school. If we all do our part to prevent child abuse we'll get to the heart of the matter.
