

WE AIM TO PLEASE

Folks, your response has been tremendous! But, when we said we would take anything on a "trade in", well...there are just some things too difficult to appraise! Ladies: Human trade in Canada is illegal, we can't stock "lazy husbands" on our used car lot. Gentlemen: We cannot re-sell a closet full of used pumps, stilettos, taps, clogs & earth shoes. Teenagers: I would love to sell you a Neon or Dakota but my oldest is in grade 3. He is not ready for the greatest collection of Marilyn Manson posters & CDs ever! Sheesh.

Anyway, as previously advertised, the staff at Georgetown Chrysler Jeep are committed (or should be) to shooting down the prices of Chrysler products for residents of Halton Hills. In fact, the confidential DPR (Dealer Performance Report) indicates over our 9+ years existence we have consistently been one of the lowest per vehicle profit dealerships in our region. This is not something we can brag about at our fellow dealer meetings, but a philosophy we adopted to move more metal and look after our own community. Guess what? It works! Sure we lose the odd deal to different marketing strategies & occasionally all retailers will punt a customer they just don't want, but overall, we appreciate the opportunities and support we receive in our hometown. It's a two way street and there's not a whole lot of traffic on the "extra mile" - that's where you'll find us.
