## Carpet Palace offers a wide selection of flooring items

With the coming of fall, many people are taking stock of their home interiors to redecorate in time for the coming holiday season.

And one of the most dramatic ways to spruce up a home is by replacing the flooring.

The Carpet Palace, located at the corner of Winston Churchill Boulevard and Hwy. 7 in Norval has a great selection of different types of flooring to meet any decorator's requirements.

"We might be a small store, but we have a wide selection," says sales rep George Kanichis. "People drop by from all over tell us we have an amazing selection of area carpets and rugs—they also say we're very reasonably priced."

"Sisal rug has become really popular these days," says Kanichis. "It has a hard floor look using carpet, and it wears really well."

Kanichis adds shag carpet has been making a comeback as well, and they have a great selection of samples to choose from. In addition, they have some roll ends and remnants in stock for those who want to cover a smaller floor space.

In addition to the carpets, hall and stair runners, and area rugs, The Carpet Palace offers hard flooring as well, including hard wood, laminates and ceramic floorings. As well as selling the flooring, they also have their own in-house installation crew—no subcontracting the installations at The Carpet Palace.

"We have clientele from all over the Greater Toronto Area," says Kanichis, "and our customers seem quite happy to drive in from the city to get the value we offer."

At the same location in Norval for nine years, The Carpet Palace is open Monday to Wednesday from 10 a.m. until 7 p.m., and Thursday and Friday from 10 to 8 p.m. Saturday the store is open from 10 a.m. to 5 p.m., and closed Sunday.
