This is a program organized through Samaritan's Purse and is designed to help children in need throughout the world. You can help these children by filling a shoebox with items such as small toys, school supplies, hygiene items, and other non-breakable/non-perishable items. The Halton Hills Speech Centre is committed to paying the cost of \$5.00 per shoebox for shipping and handling as well as being a drop-off location for this area.

QUESTIONS AND ANSWERS

**Q:** I believe that I require new dentures but I'm concerned how my appearance will be changed?

**A:** At the Denture Clinic we always go through a "Wax Try-In" stage. The selected teeth are set up in a wax base and fitted in your mouth. You then have the opportunity to see, in a mirror, exactly how the denture will appear, before it is completed.

**A:** As the teeth are only in wax at this stage, we have the liberty to move the teeth about, or even change the particular tooth selection. We never go beyond this step until we have accomplished exactly the natural, pleasing appearance your desire.

**Q:** What is a permanent processed reline?

**A:** A processed reline is a way of re-basing your denture from the same type of long care acrylic from which it was originally made. This will make the denture fit more snugly to your ridge.

**Q:** Will it change the appearance of my teeth?

**A:** No, it only re-fits the denture to your ridge, no change of tooth position takes place.

**Q:** What are soft, or cushion relines?

**A:** A permanent soft rubber lining is applied to the lower denture inside ridge, soft, or cushion relines are excellent alternatives for those who have sensitive oral tissue and tend to get frequent sore spots. A properly applied soft lining can provide years of comfortable chewing and smiling. You do not need a referral; simply call our office direct.
