Halton Region

A Partnership That Works!

WE'D LIKE TO MAKE THIS PERFECTLY CLEAR

Town of Halton Hills (GEORGETOWN) Watermain Cleaning Program 2002

As part of Halton's ongoing watermain maintenance program, Regional staff and our contractor will be cleaning the watermains in Georgetown.

This work will continue for approximately two more weeks.

Our 2002 Watermain Cleaning Program will cover the areas bounded by Maple Avenue, Guelph Street, and Hall Road, to include Norval, and Georgetown South. And also the industrial area north of Guelph Street between Mountainview Road and Delrex Boulevard.

There may be some inconveniences to you during our operation, either when we are physically on your street, or even in your general area. Discoloured water is discharged during cleaning and to avoid having it enter your home/place of business please follow the steps noted below:

- Do not use water between the times indicated on your **BLUE LETTER**, which we will provide to you approximately 2 days prior to working on your street.
- When we are finished for the day on your street (times indicated in the **BLUE LETTER**) please turn on the cold water tap in your basement and let it run until the water is clear.

To keep informed of our progress, look for advertisements in this newspaper and look for our **BLUE LETTER** in your mailbox for the dates we'll be working on your street.

Questions?

Please call the Planning & Public Works Department at ext. 7704, 7705, or 7706 and Regional staff will be available to answer your questions and assist you.
