Where Child Abuse Hurts Most

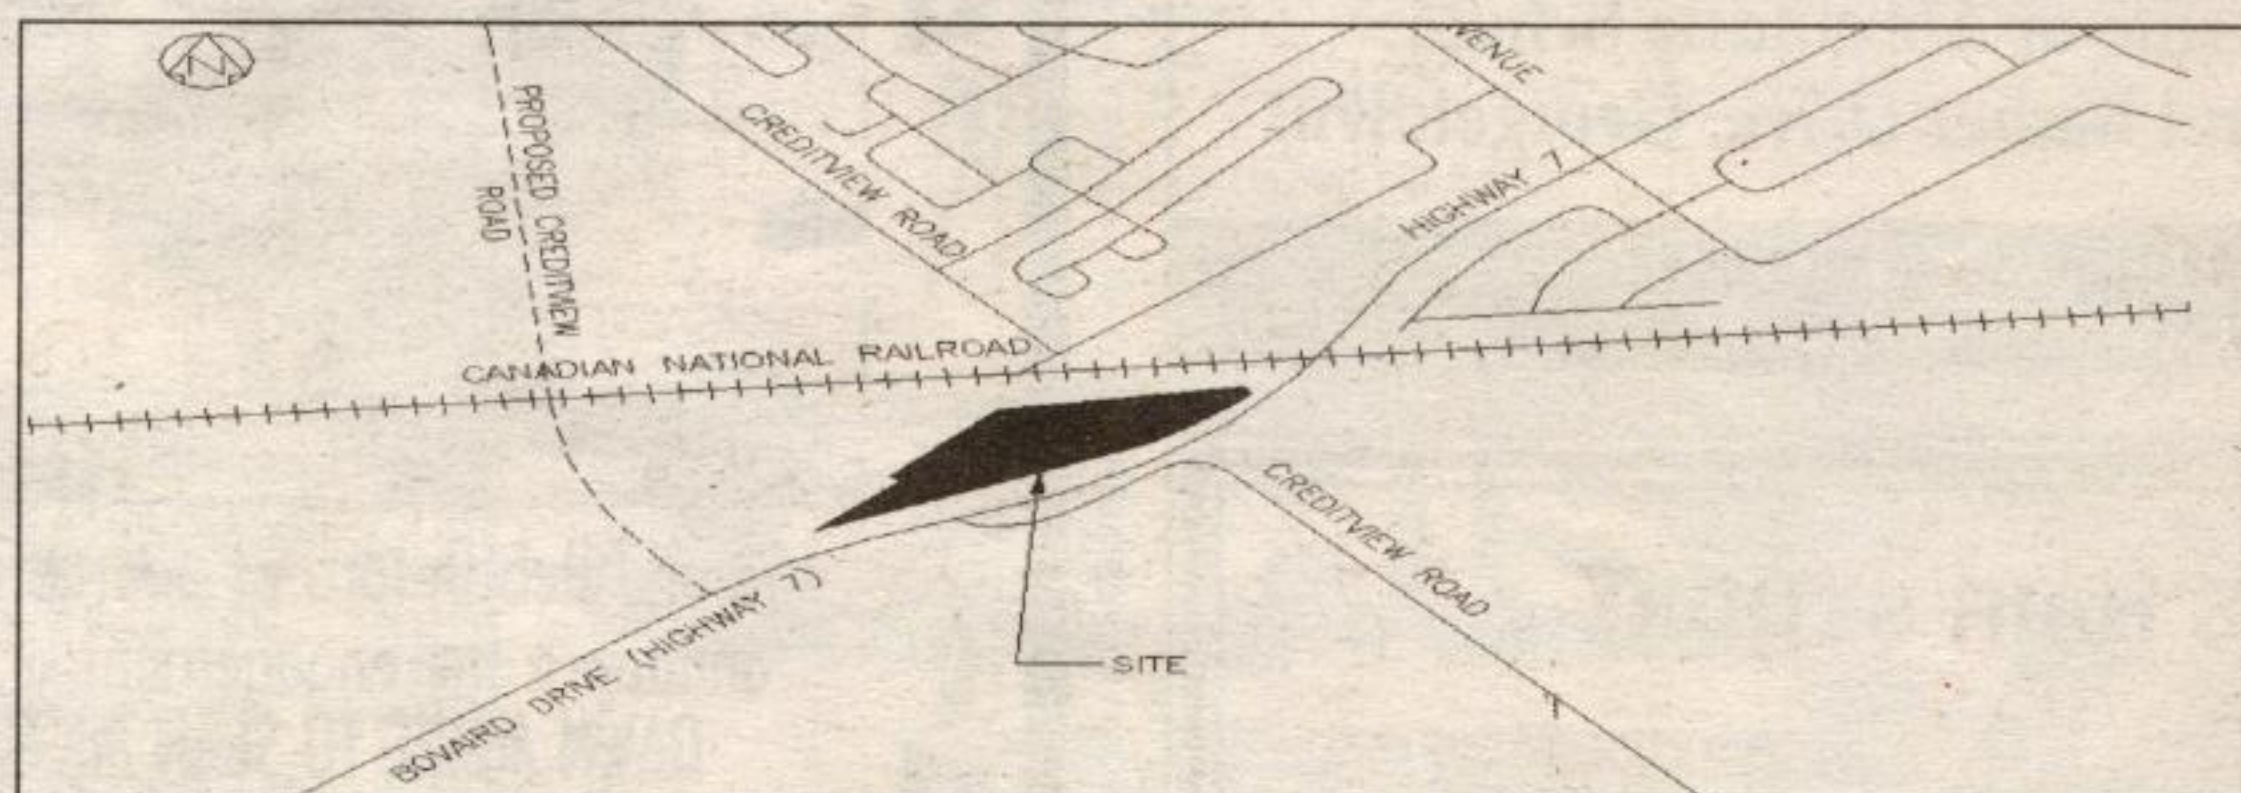

Sometimes the worst scars of child abuse can't be seen. Whether physical or emotional, abuse attacks a child's self-esteem and emotional development, leaving long-term emotional trauma and pain. You can help prevent child abuse by being a nurturing parent or caregiver. By letting children know they are special, competent and loved, you can help them develop positive self-images and happier futures. If you feel overwhelmed, angry or frustrated as a parent, help is out there for you. Look in your area for support groups and services, or talk to a trusted friend, family member, pastor or doctor about what you can do to protect and support your child. If we all do our part to prevent child abuse, we'll get to the heart of the matter.

PUBLIC INFORMATION CENTRE

New Mount Pleasant GO Rail Station Facility
City of Brampton

THE STUDY
GO Transit, the Province of Ontario's interregional public transit service for the Greater Toronto and Hamilton areas, is undertaking a Preliminary Design and Environmental Assessment for a new rail station facility located on the Georgetown Rail Corridor, between the Brampton and Georgetown GO Stations, at the intersection of Creditview Road and Bovaird Drive (Highway 7), in the City of Brampton. The new Mount Pleasant GO Station will increase access to the Georgetown Rail Corridor, enhance GO service to commuters in the Brampton and Georgetown areas, and allow for increased service as the region further develops. The facility will include a bus loop, kiss and ride area and parking for approximately 600 vehicles. The Study is in the Preliminary Design Stage, which involves the development of the preferred layout for the site.

KEY PLAN

THE PROCESS
The project will follow the planning process for a "Group B" project as contained in the GO Transit - Class Environmental Assessment (1995) with the opportunity for ongoing public involvement. A Public Information Centre (PIC) is being held to allow the public to review and comment on the process and the preferred layout. GO Transit staff and the study consultant will be on hand to discuss plans, answer questions and receive comments. Your participation is an important part of the process and we welcome your comments.

Date: Wednesday, June 4, 2003
Time: 5:00 p.m. to 9:00 p.m.
Location: Grace United Church, Reception Room, 156 Main Street North City of Brampton

COMMENTS
The Study will culminate in an Environmental Study Report (ESR) being prepared and submitted to the Ministry of the Environment. At that time, the ESR will be available for public comment and the public will be advised of when and where it can be reviewed.

If you cannot attend the above noted PIC but wish information about this project, please contact either:
