**CAUTION - DENTURES
OVER 5 YEARS OLD?**

Removable dentures are made of hard, rigid material, unlike your face, mouth and jaw that are constantly changing over the years. Dentures cannot adapt to these changes, and teeth wear down and become dull with time - your denture might still be in good physical condition, but it's fit changes slowly over time, and most people adapt to the changes even though they are illfitting. Your dentures should be checked annually, and replaced every 5 to 10 years. If dentures are not updated, you may suffer adverse health problems, such as painful, irritated gums, softening of the gum, headaches, ear aches, neck pain, more labourous chewing that causes poor digestion. Not to mention sagging mouth that can make you look older. Don't take chances with your health. Give us a call for a check up today!

Feet in Motion opens

Halton Hills Mayor Kathy Gastle (centre) officially opened Feet in Motion, an active footwear and apparel store, located at 49 Main St. S. in Georgetown. Co-owners Liz Owen and Brad Mailloux show off some of their stock. Feet in Motion provides expert service, advice and selection, ensuring the best fit of technical footwear and apparel for everyone from beginning fitness walkers to competitive athletes. Group runs leave from the store every Wednesday evening at 6 p.m. and Saturday mornings at 8 p.m. A marathon clinic begins on June 10 and the next Learn to Run clinic begins in July.
