

The Regional Municipality of Halton

A Partnership That Works!

The Regional Municipality of Peel in Association with the Region of Halton and the Town of Halton Hills

Notice of Study Commencement

Winston Churchill Boulevard between Embleton Road/5 Sideroad and Mayfield Road/River Drive Class Environmental Assessment

Proponents

The Regional Municipality of Peel, in association with the Region of Halton and the Town of Halton Hills, is undertaking a Class Environmental Assessment Study to examine options for the rehabilitation of Winston Churchill Boulevard between Embleton Road/5 Sideroad and Mayfield Road/River Drive.

Winston Churchill Boulevard is a boundary road separating the Region of Halton and the Region of Peel. Jurisdiction over the roadway is shared between the Regions of Halton and Peel.

Background

The municipalities are responsible for the management and rehabilitation of Winston Churchill Boulevard. A number of factors have influenced the need for this corridor study. These include:

- capacity deficiencies (existing and future);
- structural condition;
- identified safety issues; and
- approved and proposed changes in land uses.

Approach

The Winston Churchill Boulevard corridor study will be undertaken in accordance with the Municipal Engineers' Association "Municipal Class Environmental Assessment", June 2000 (Class EA) and falls within the scope of projects described in Schedule "C" of the Class EA document.

Public Consultation

Public Consultation is vital to this study. We want to ensure that anyone with an interest in this study has the opportunity to get involved and provide input. This study will include a comprehensive public consultation program including at least two public information centres (PICs) (first likely in early 2004). Details regarding the forthcoming PICs will be advertised as the study progresses.

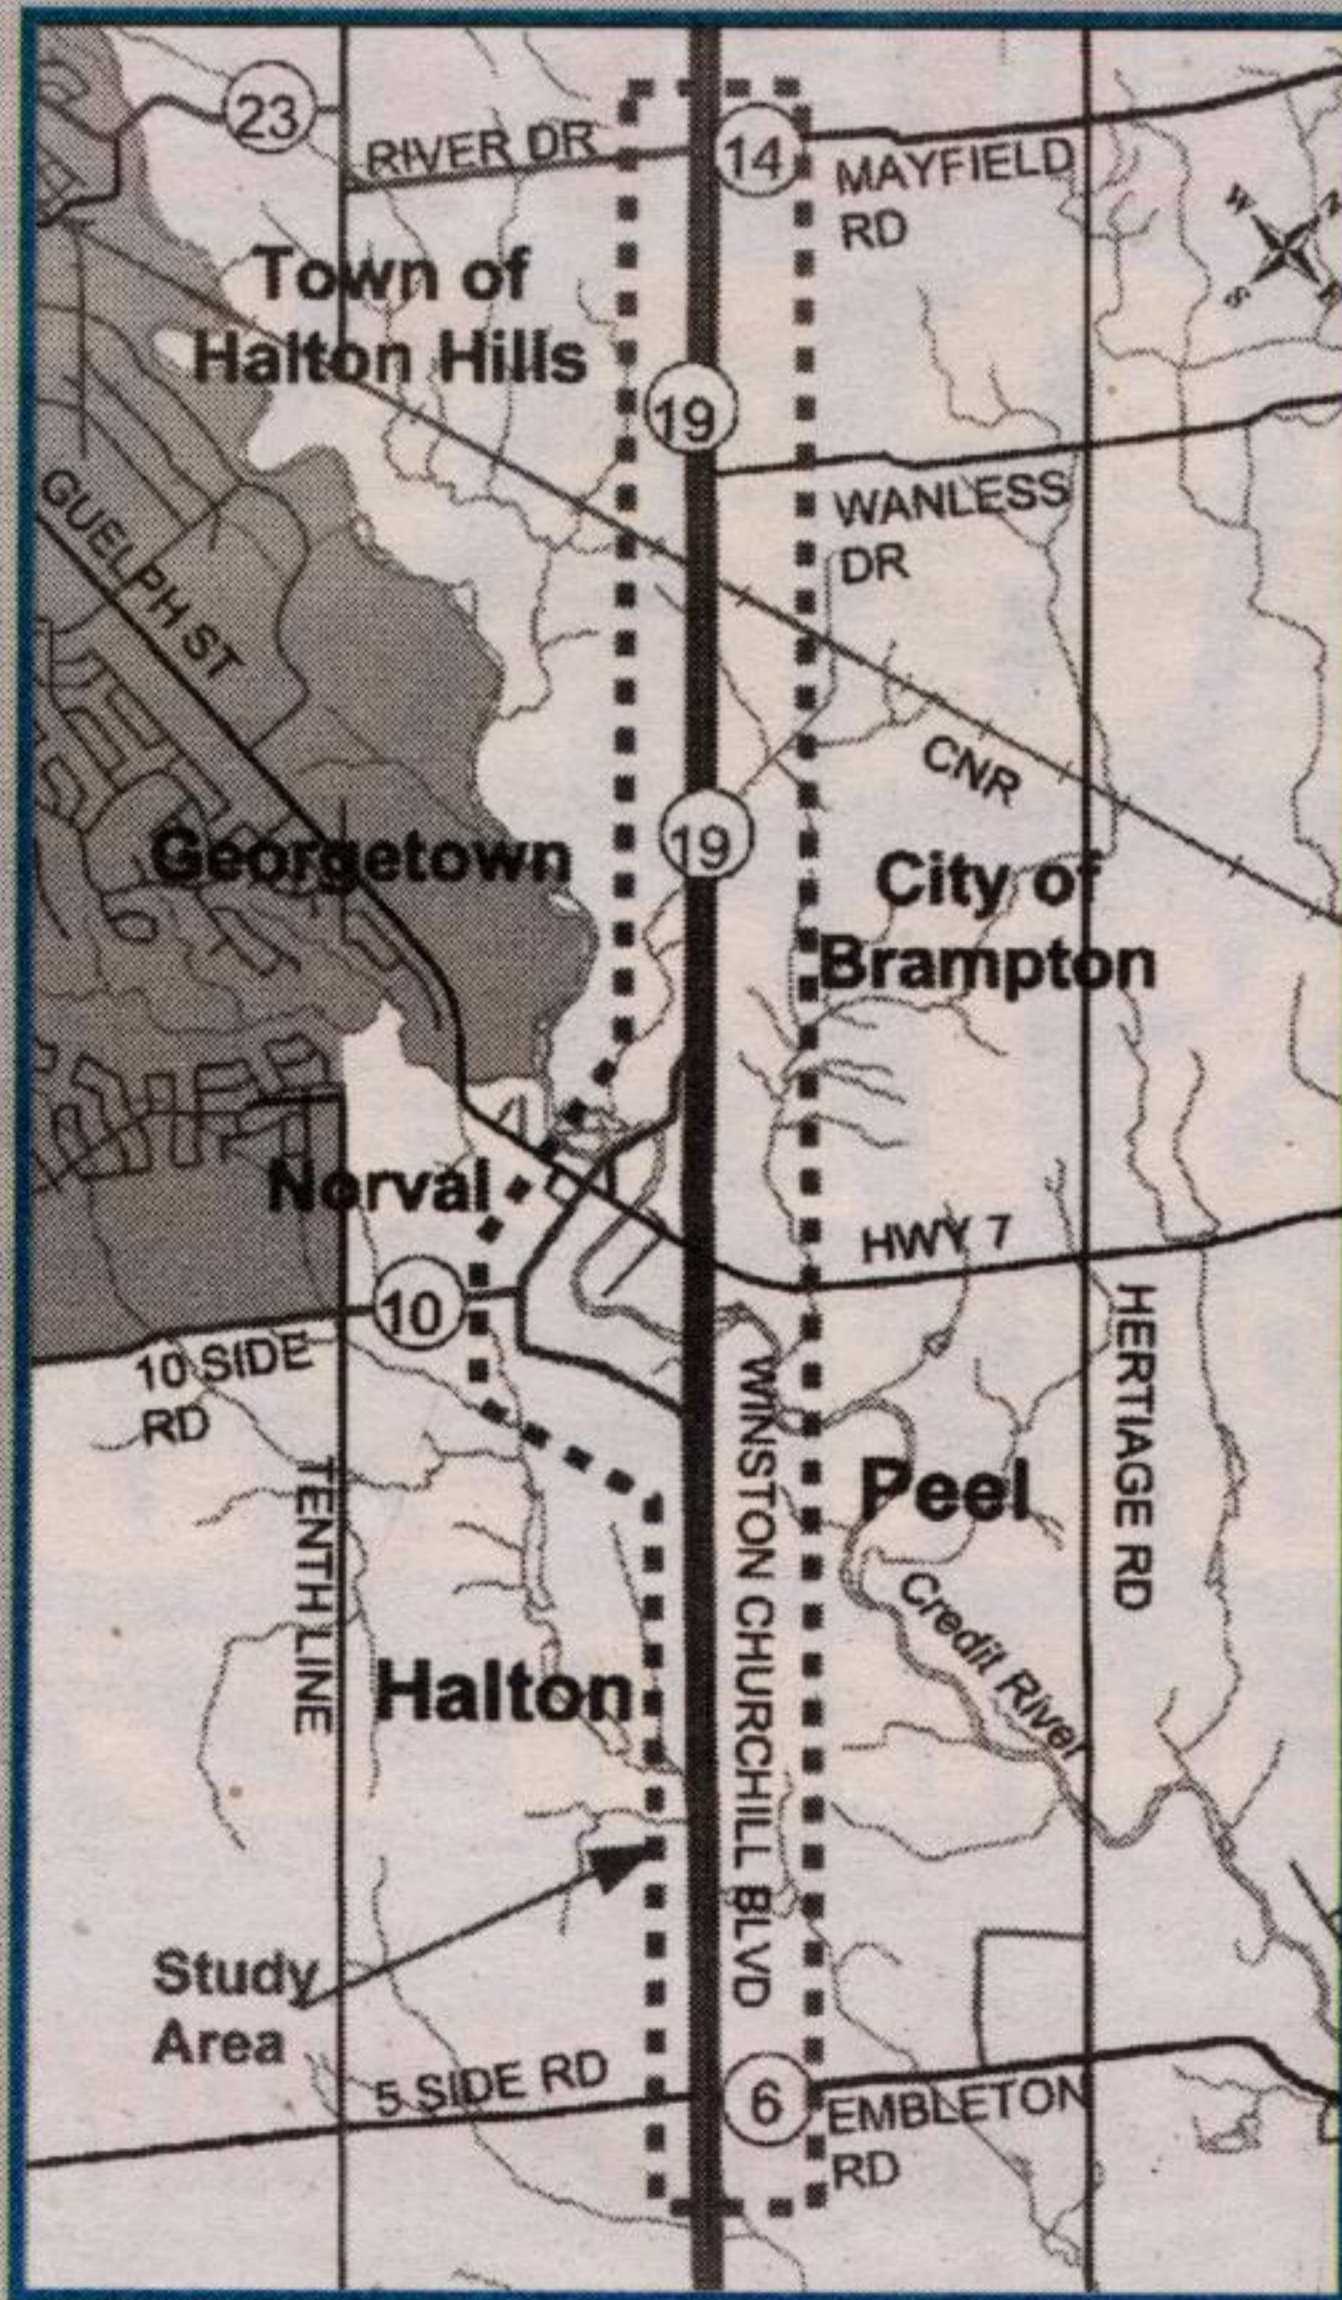

We are interested in any comments that you may have about the study. All comments will become part of the public record.

Should you have any questions, concerns or wish to comment, please contact one of the following members of the Project Team:

Attention Halton Gardeners!

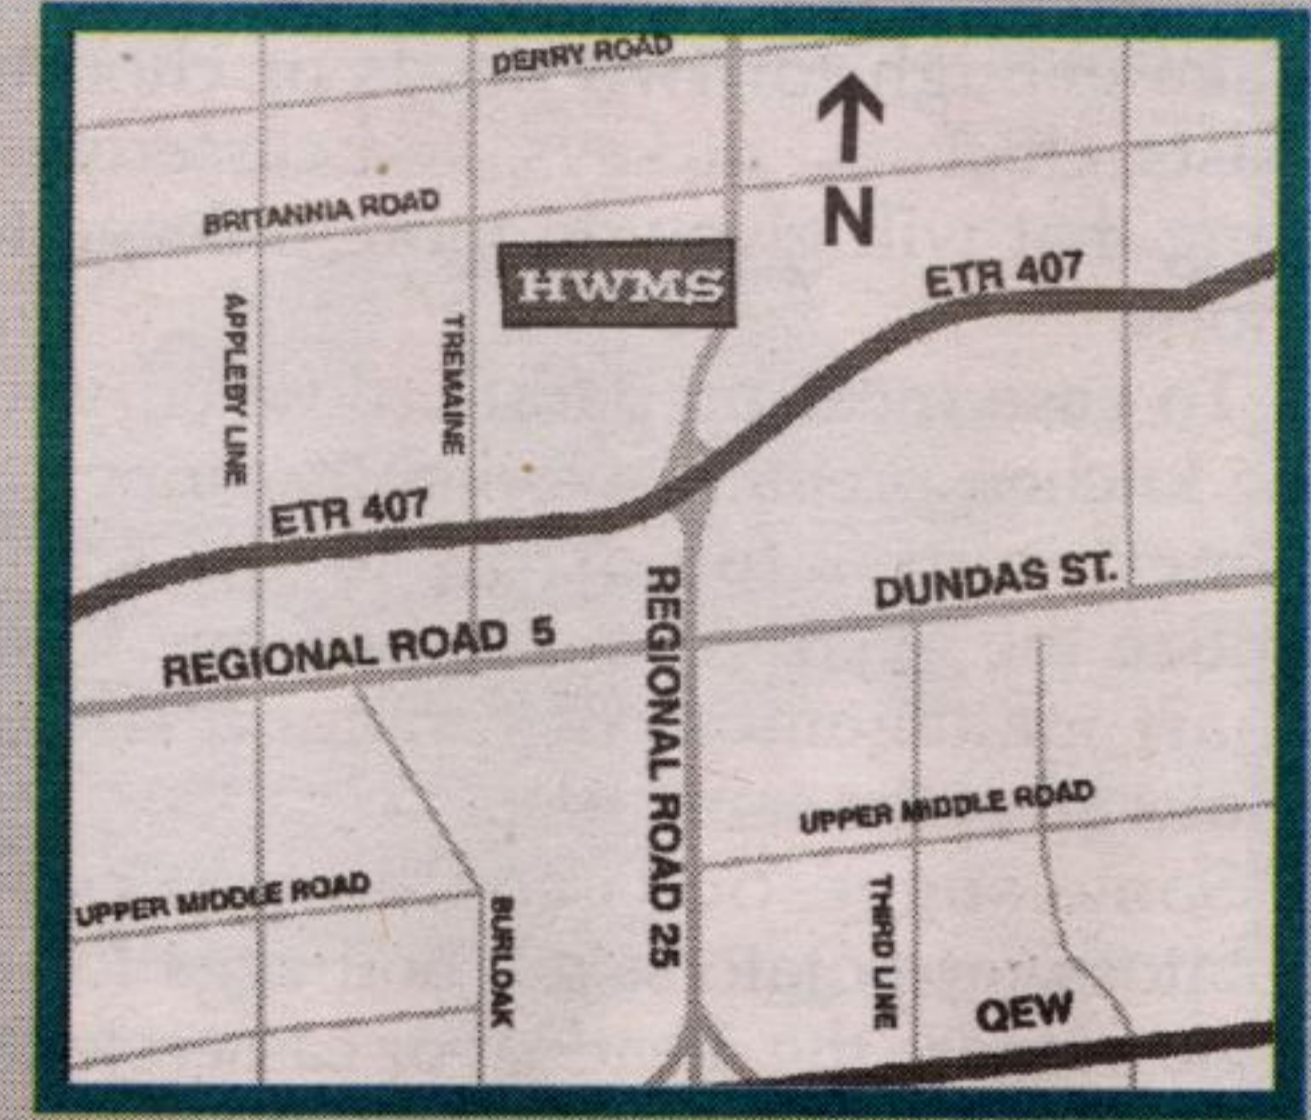

Fall Compost Give-Away

Monday, September 22 to Saturday, September 27
8:00 a.m. - 4:30 p.m.
While quantities last

Halton residents are welcome to collect rich, garden-friendly compost produced through Halton's centralized composting program.

- All Halton households are welcome to collect a maximum of seven bags of compost.
- Residents are responsible for shovelling and bagging their own compost.
- Please bring your own bags/containers and shovel.
- Donations of non-perishable food items or cash will be gratefully accepted on behalf of Halton area food banks.

Halton Waste Management Site,
5400 Regional Rd. 25, Milton

House Cleaning? We Can Help!

Bring your reusable clothing and household items to the Salvation Army Depot at Halton's Waste Management Site.

A Community Partnership

Rural Garbage Collection Survey

Are you interested in receiving roadside garbage collection services from Halton Region? Halton Region and the Town of Halton Hills will be surveying rural residents this month to find out if they want roadside collection services.

You will receive your survey in your mailbox sometime in the next two weeks. Please fill it out and return it by September 26. All residents will receive a postage paid, pre-addressed envelope that can be used to return the survey to the Region.

You can also visit one of two open houses being held in September to have your questions answered.

Halton Hills Open Houses

Tuesday, September 16, 2003	Wednesday, September 17, 2003
Halton Hills Civic Centre	Limehouse Memorial Hall
1 Halton Hills Drive	12389 - 5th Line
5:00 p.m. - 8:30 p.m.	7:00 p.m. - 9:00 p.m.

For more information call Halton Region toll free at 1-866-442-5866 or the Town of Halton Hills at 905-873-2600.

Conservation is an Everyday Priority

Ontario's electricity system is back on track, but that doesn't mean conservation isn't still important. At Halton Region, we continue to look for opportunities to conserve energy while offering our full spectrum of programs and services.

Conservation is also a legitimate and valuable tool when it comes to our water system. By encouraging conservation, we save taxpayers money by deferring treatment plant expansions.

At Halton Region, conservation is just one part of our commitment to the environment, and an activity that we make a priority every day.

Brent Marshall
CAO
Halton Region

Halton Regional Meeting Schedule:

- September 17, 9:30 a.m. - Halton Regional Council
- September 18, 8:30 a.m. - Starting to Export Information Seminar. (Contact Halton Region Business Development for information.)
