## DRESS DOWN DAY

100 Sinclair Avenue, Georgetown

The Georgetown Campus of the William Osler Health Centre, will be getting a lot of help to buy new equipment over the next few weeks, as local businesses and their staff have signed on to participate in the Working for our Community Campaign.

We have a wide variety of businesses involved, from single individuals to companies with hundreds of employees. All are committed to contributing to the community's health care needs. The big day is September 20th, with many businesses doing Yard Sales, fun activities or contributing a portion from sales.

Join the fun, shop Georgetown and help us help our local hospital.
