MANAGING HARD TO CHEW FOODS

The first step in managing hard to chew foods is to make sure your teeth & dentures are in good condition. If you have dentures, you should have them checked each year. Even if you are not having any specific discomfort, there could be hidden problems. The teeth on your denture wear down over the years and become dull. Some foods might actually be taking you twice as long to chew, because of dulling teeth. It is worth the time to visit our office and make sure your dentures fit correctly.

If you still find chewing difficult, try changing the method of preparation, instead of the food. For example, try roasting, stewing or broiling meat, and then chop or slice thinly. Use canned or stewed fruits, or drink fruit & vegetable juices. Grate cheese or use in sauces and eat cottage cheese & yogurt. You may find a blender or food processor helpful when preparing your food.

You do not need a referral; simply call our office direct.

Creating confident smiles since 1982.

Zellers launches gift box campaign for charities

Georgetown Zellers donated \$500 to Halton Women's Place (HWP) today (Wednesday) to kick off its annual holiday gift box campaign.

The snowflake and Santa design gift boxes are available—until supplies last—for \$1, which goes to the Zellers Family Fund program that supports charities like HWP.

"Supporting local causes is an important way for Zellers to give back to the community," said Marcel Benoit, store manager of Zellers Georgetown. "Giving gifts to help families in need is what the

holiday season is all about. The holiday gift box fund-raiser makes it possible for Zellers to give gifts like the one to the Halton Women's Place.

"Last year Canadians open their hearts to raise more than \$960,000 from holiday gift box donations. This year we are hoping to beat that figure through our communities' generosity," Benoit said.

Zellers Family Fund is a corporate foundation that supports local and national organizations that focus on family causes in the areas of health, wellness and education. Through this fund and its various partners, Zellers is able to help

Canadian families during times of need or crisis. Customers can make a donation to the fund anytime throughout the year.
