DEBT and TAXES
 Both of them are killing Canadians financially

DEBT plagues 60% of Canadians who could be paying much less per month on debts such as mortgage, credit cards, car loans, lines of credit. Most of us try to handle our debts without sufficient information to make a logical choice.

TAXES plague 75% of Canadians. Those earning more than \$32,000 per year are most severely affected. The average household can save significant amounts of tax, if they only knew how. We will show you how to get back many thousands of dollars that you do not have to pay.

Call 289-259-3039 to reserve your seat for our one-hour seminar on Sunday, November 30, 2003, at 1:00 pm at the Ramada Inn (161 Chisholm, Milton). Or call for another free seminar suitable to your schedule.

Presented by Rob Kirton, B.A.S., PFP, CFP, EPC - A tax expert advising accountants.

Stick with your high blood pressure treatment, or you may be in for a nasty surprise.
