A Partnership That Works!

NOTICE OF COMPLETION

Burloak Drinking Water Purification Plant Class Environmental Assessment Study

In May 2003, The Regional Municipality of Halton initiated a Class Environmental Assessment Study to identify the preferred location and treatment processes for a new drinking water purification plant. Based on a detailed evaluation process and public and agency feedback, the preferred plant site is located south of Rebecca Street. The site is a 6.6 ha block of property. It is bordered by Rebecca Street to the North, a treed lot to the east, a residential neighbourhood to the south, and a commercial property that is anticipated to eventually be a small mall and a church to the west.

The preferred location for the low lift pumping station (LLPS) is on the plant site. Raw water will be conveyed to the LLPS from Lake Ontario via a deep gravity intake tunnel. The intake tunnel will extend approximately 1.8 km into Lake Ontario. It will then follow the road alignment along Great Lakes Boulevard to the LLPS located at the plant site. The onshore length of the tunnel is approximately 2 km. It is expected to measure 2.1 m in diameter, and be approximately 50 metres below the ground surface at the LLPS.

The preferred treatment strategy for the new plant involves membranes for particulate removal and pathogen removal, biologically active carbon contactors and ozone for taste and odour control and pathogen control by UV disinfection with some additional benefit derived by ozone. Chlorine will be used for both zebra mussel control and residual maintenance in the distribution system. This combination was identified to optimize each process for its best features, thereby maximizing flexibility and creating an economically responsible treatment train.

This study was undertaken to meet the requirements of the Municipal Class Environmental Assessment (EA) process (June, 2000). This study is categorized as a Schedule C Class EA project and therefore requires that an Environmental Study Report (ESR) be prepared. The study is now completed and the ESR has been distributed for public viewing.

An Environmental Study Report documenting the planning process undertaken and conclusions reached is available for viewing for thirty (30) calendar days from Friday, May 7, 2004 to Monday, June 7, 2004 at the following locations:

The Regional Municipality of Halton, Citizen's Reference Library 1151 Bronte Road Oakville, Ontario Tel: 905-825-6000	Clerk's Department Town of Oakville 1225 Trafalgar Road Oakville, Ontario Tel: 905-845-6601	Clerks Office The Town of Milton 43 Brown Street Milton, Ontario Tel: 905-878-7211
Clerk's Office Town of Halton Hills 1 Halton Hills Drive Halton Hills (Georgetown), ON Tel: 905-873-2600	Clerk's Department City of Burlington 426 Brant Street Burlington, ON Tel: 905-335-7777	

During this thirty day review period, anyone who has any outstanding concerns with the project, which cannot be resolved in a discussion with the Regional Municipality of Halton, may request that the Minister of the Environment make an order for the project to comply with Part II of the Environmental Assessment Act, which addresses the individual environment assessment, by submitting a written request to the following address:

The Honourable Leona Dombrowsky
Minister of the Environment
12th Floor, 135 St. Clair Avenue West
Toronto, Ontario
M4V 1P5

Copies of the Part II Order requests should also be sent to:

Lee Anne Jones, P. Eng.,
Manager Infrastructure Planning
Regional Municipality of Halton

Salvation Army Celebrates the Construction of New Emergency Shelter

I am very pleased to announce that The Salvation Army has begun construction of The Salvation Army Halton Lighthouse, which is an emergency shelter for Halton's homeless. Once complete the shelter will provide temporary accommodation for 25 people. To commemorate this phase, there will be a cornerstone laying and time capsule placement on May 11 at 750 Redwood Square in Oakville from 10 to 11 a.m. Shortly following the event, there will be light refreshments served at The Salvation Army Community Church on 1225 Rebecca Street until noon. I encourage you to join us in celebrating this exciting milestone, and if you would like further information, please contact us at 905-825-6000, ext. 7490.

Chairman
Joyce Savoline

Halton Regional Meeting Schedule:

Regional Council
9:30 am - May 12
