# THANK YOU HALTON HILLS!

**The Auto Show You Auto Know was an overwhelming success!**

It was a great party enabling us to show off many of today's models and future products. It also gave us the opportunity to introduce both current & prospective clients to our bright, young talented team. Our ladies were at their elegant best complemented by a slew of penguins. Even our parts & service technicians were decked out in their tuxes, just in case someone asked "Hey, what the heck does "HEMI mean anyway?"

My thanks go to a number of people, Linda Adair's catering was exquisite, Dave Tucker chipped in with his classic Hemi, Dan Wagstaffe demonstrated the capabilities of the one & only Jeep. John Archibald & his team of professionals provided an immaculate setting enhanced by John & Jean Fendley's aromatic arrangements.

Finally, the person most responsible for pulling the whole show together, thus guaranteeing a spectacular event, was my phenomenal wife Kim.

Once again thank you all.

*P.D. Auty*

## Auto Showcase

Georgetown Chrysler Dodge Jeep dealer principal Paul Auty (right) shakes hands with Daimler Chrysler senior executive Tom Money at Mold-Masters SportsPlex last Thursday. Money was on hand at the show to congratulate Georgetown Chrysler for again exceeding the manufacturer's expectations and to view plans for the local dealership's renovations. The event showcased Chrysler vehicles such as the 300 C (foreground).
