Halton Physician Appreciation Week May 17th to 23rd

In Halton, we are fortunate to have first-rate medical care available to us, thanks in large-part to the skilled and dedicated physicians who have chosen to make this community home to their practices. At Halton Region, we believe it is important to recognize these physicians for their contribution to the health and well being our community, which is why we have designated May 17th to 23rd Physician Appreciation Week.

Physician Appreciation Week serves as a reminder of the valuable resource Halton's medical community is, and gives the Region an opportunity to say thank you to our community's physicians for the excellent care they provide. We encourage you to thank your physician for the great care he or she provides you and your family, today!
