Knoepfli to captain Cornell Big Red

Continued from pg. 19

32 games—matching his sophomore totals—with Cornell last season. The former Georgetown Raider doesn't expect any more pressure to put up points now that he's captain.

"It was a different team last year and we had to play a different style. Half way through the year I knew I wasn't going to put up as many points but winning is more important than your own private goals."

And while he has 20 goals and 63 points over his college career, Schaefer said it's Knoepfli's all-around game that has earned him the respect of his teammates.

"When he was in Georgetown, I think people looked at him just as an offensive player but he's

MIKE KNOEPFLI

improved as an overall player."

And although the goals may not be as plentiful, they have been

important. Seven of his 20 goals have been game winners.

Knoepfli was also honoured at the team's year-end banquet for outstanding academic achievement, earning the highest grade point average among junior players.
