Comfortable Elegance has a wide variety of the hottest housewares

Since November 2003, hometown Georgetown girl Terri Mills has enjoyed bringing "a little bit of a lot of different things" to the Halton Hills area.

"I pride myself in offering quality products at reasonable prices," said Mills, "And have found that the customers love that this quality is available right here in town, and don't have to travel to find the perfect item."

Located at 324 Guelph Street, (beside Tim Hortons), Comfortable Elegance is one of this area's hottest new housewares retailers. The store has a showroom of house accessories that will bring your design ideas together, from elegant functional items such as Crossill and Nygard bedding, beautiful table linens, Pfaltzgraff stoneware and stemware along with a fantastic selection of unique bathroom accessories to the simplest details such as candles, home spa items, fancy soaps and an awesome array of gift ideas.

Comfortable Elegance can help make your home a personal retreat away from your busy life.

Comfortable Elegance also offers a bridal registry that will fit any lifestyle, and make gift giving easy and convenient for family and friends. The staff at Comfortable Elegance look forward to helping customers begin their life together in comfortable elegance.

Terri Mills of Comfortable Elegance displays some of the many housewares available at her store, including fine pottery, linens, bedding and all sorts of accessories to complement the home. Her store is located at 324 Guelph Street, next door to Tim Hortons.
