

~~75~~  
31

That's right, folks. A fortnight ago, I suggested we had to "Move the Metal" to the tune of 75 cars, trucks & Jeeps by the end of September! Well, for 44 of you that was  music  to your ears. Thank you. Now the challenge is to sell or lease 31 vehicles in a week. Big job! The ordinary we can usually do in a day. The **EXTRA** ordinary might take us the whole week.

We are, what my real estate friends call a "Motivated Seller".

Sooooo to sweeten the pot, (not since that one time in college) we will give away a Jeep with every purchase.

**Yes, a one-wheel drive Jeep (pictured) with every new transaction. WOW!** And remember if you have a trade-in, we virtually have a deal. Sound different? Come see. You will not be disappointed because the number-crunching is the easiest part of our job. Where we shine the brightest is exceeding your expectations in our award-winning parts & service departments, thus earning the right to be your repeat choice for all your Autymotive needs.

Peace and Love

*P.D. Auty*
