

Reunion planned on Oct. 9 for former Town summer camp staff

Former Town of Halton Hills Recreation and Parks Department summer programs (camps) staff will have a chance to renew friendships and talk about old times at a reunion next Saturday.

The reunion, to be held at 7 p.m. Saturday, October 9 at the Gellert Community Centre, is open to summer programs (camps) staff from 1980 to today.

The event is being organized by former staff members Liz Blauwendraat, Sarah Hobbs and Allison Hendriks.

Blauwendraat said they wanted to get together with their former coworkers because they think of those years as a "memorable experience."

She said there could be anywhere between 100 and 300 former staff members attend the event,

which is free of charge.

Blauwendraat said there will be old pictures and slides and refreshments will be served.

For more information call 905-702-1787 or e-mail maple78@yahoo.com.

Vendors needed

Georgetown District Christian School will host its first Bazaar Harvest Festival Oct. 16. For table reservations and inquiries call 905-702-1925.

Vendors are also being accepted for Acton High School's annual craft sale which will be held Saturday, Nov. 13 from 10 a.m.-4 p.m. For more information and an application form, call the school at 519-853-2920.

Eating for Beauty

In Eating for Beauty, David Wolfe, one of America's foremost nutrition experts, describes how to cleanse, nourish, and beautify by utilizing the benefits of a fresh-food diet. You can apply the lessons contained within this book to improve your appearance, vitality and health.

Beauty is the universal language. Whether it is skin-care, a fresh-food diet, vital energy, or any other facet of healthy living, David Wolfe is the authority. Contains over 100 full-colour photos and illustrations and references the most unique and highest-quality natural beauty products in the world.

The Regional Municipality of Halton

A Partnership That Works!

Halton Waste Management Site

The Halton Waste Management Site (HWMS) is Halton Region's one stop solution for the 3R's (reduce, reuse, recycle), safe disposal of household hazardous waste and, of course, garbage disposal.

Use of the HWMS carries a nominal charge of \$5.00/vehicle for up to 150 kg and 9.8 cents for every kg thereafter (commercial loads - \$98/tonne).

Please secure all open loads.

Container Station

In addition to garbage for disposal, the following materials are collected and diverted from the landfill:

- yard waste
- scrap metal
- appliances
- tires
- wood
- drywall
- blue box recyclables (no charge)
- electronics
- foam (e.g. cushions and underpads)

Salvation Army Depot

Drop off unwanted reusable items and help the community at the same time. Acceptable items include clothing, linens, kitchenware, toys and undamaged furniture.

Blue Boxes & Composters

Blue boxes and composters are available at the scalehouse. Blue Box: first one is no charge, \$5 per additional box (3 max.). Composters: \$15 each (2 max.)

Did you know?

- In 2003, over 27,000 tonnes of material was diverted from disposal through the Container Station.
- HWMS uses a full-time falconer and bird of prey to effectively eliminate seagulls from the landfill.
- HWMS was the first landfill in Canada to use rubberized asphalt to pave the 4 kms of on-site access roads (35,000 scrap tires were used in the process).
- HWMS collects rainwater from building roofs to reuse on site for such tasks as washing equipment & garden watering.

Household Hazardous Waste Depot

Each year the Depot receives and properly disposes of or recycles over 700,000 litres of hazardous material, which must not be put in the garbage or down the drain. Visit the depot for safe, no charge disposal of items, such as:

- paint
- oil
- solvents
- propane tanks
- household and garden chemicals
- full aerosol cans
- batteries (small disposable and automobile)

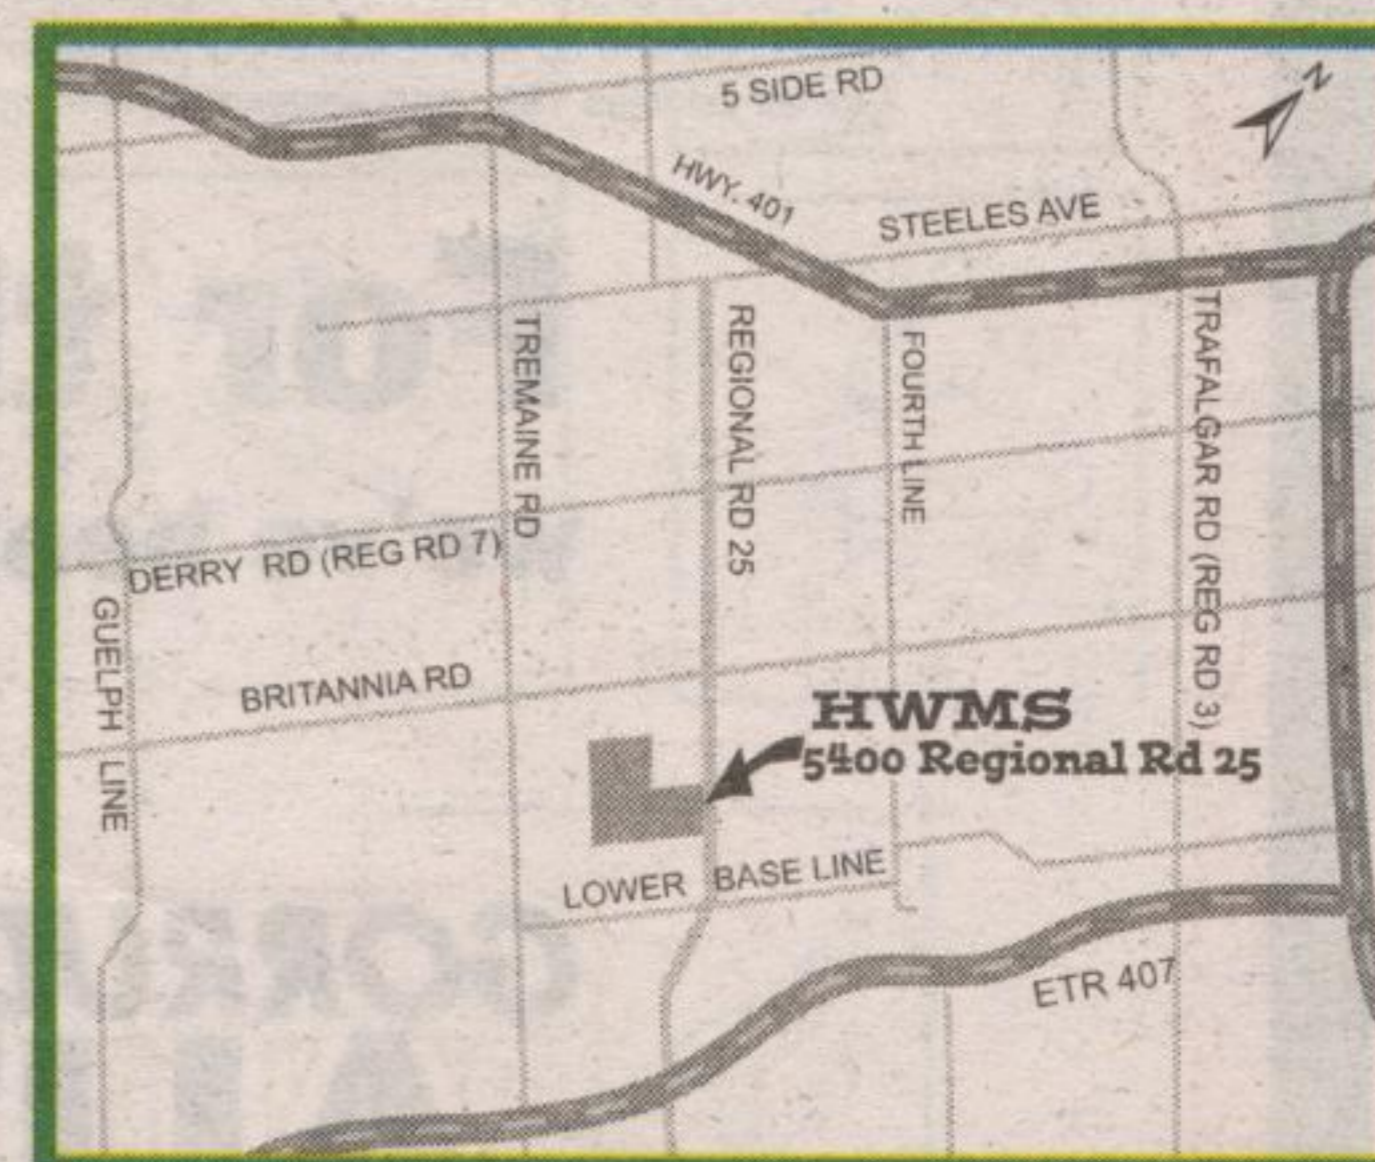

There is a 20 litre maximum per visit and no commercial hazardous waste can be accepted.

Empty paint cans (dry, with lids removed) and other empty containers (with no liquid or powder residue) can be disposed of with the regular garbage.

Paint Reuse Shed

Drop off or pick up usable paint and stain at the Reuse Shed at no charge. Conveniently located beside the Household Hazardous Waste Depot. Open from Spring to Fall.
