## Running for Terry

Approximately 120 students at Christ the King Secondary School took part in the school's Terry Fox Run last week and managed to raise \$3,500 for the Terry Fox Foundation. Among those taking part were (right photo from left) Kyle Tousignant, Julian Proto and Scott McLaughlin. The girls (below) kept pace including Cassandra Winkler (left) and Kayla Wenzel.

## WANTED 9 HOMES THAT NEED ROOFING

9 homes in your area will be given the opportunity of having a PERMANENT metal roofing system installed on their home year-round, at a promotional cost. This lifetime product is capturing the interest of homeowners across the country, who want to know this will be the last time they will have to re-roof their home. Our product is environmentally friendly and comes with a lifetime, transferable warranty with an excellent choice of colours to compliment your home and is being introduced to your local market. Your home can be a show place in your neighbourhood and we will make it worth your time to investigate the many benefits of Metal roofing, if we can use your home. For an appointment, please call:

## Better Health Care for Canadians: A 10-year plan

Working together, the Prime Minister, Premiers and Territorial leaders have signed a 10-year plan, supported by \$41 billion in new federal funding, that will lead to better health care for Canadians.

### Better Health Care

#### Reduce waiting times

- Improve access so that Canadians don't wait as long for key tests, treatments and surgeries

#### More Doctors, Nurses and other Health Professionals

- Plans to train and hire more health professionals while also developing faster accreditation for foreign-trained health professionals

#### Expand home care

- Provide better support for people being cared for or recovering at home

#### Improve access to family and community care

- Increase 24/7 access to doctors, nurses and other health professionals

#### Better Access to Needed Medicines

- A commitment to manage drug costs and ensure that no family is forced to choose between needed medicines and financial ruin

#### Improved Aboriginal Health

- New investments and better planning to close the gap between Aboriginals and other Canadians in terms of health

### Shorter Waiting Times

The federal, provincial and territorial governments have committed to report clearly on the progress we are making in health care and, for the first time will report on progress in reducing waiting times.

#### Comparable indicators ... so we can measure

- Federal, provincial and territorial governments will use comparable information to report their progress in improving access to doctors, and to diagnostic and treatment procedures

#### Benchmarks ... so we know what we are striving for

- Federal, provincial and territorial governments will set medically acceptable waiting times – based on advice from medical experts – starting with cancer, heart disease, diagnostic imaging, joint replacement, and sight restoration

#### Targets ... to drive change

- Provincial and territorial governments will set their own targets and report annually to citizens on progress in reducing waiting times

Canadians will see for themselves where their health care money is going and how it is making a difference.
