

Humane Society trying to find homes for dogs rescued from metal structure

Continued from pg. 1

After a visit to the vet the dogs (four males and five females) were taken to the dog groomer, where they were cleaned up, and they are now awaiting adoption or foster homes from the Upper Credit Humane Society.

Since arriving at the shelter Burr said the dogs are "coming around beautifully."

The dogs are playing, enjoying their new environment and the

chance to run outside.

"Some are starting to walk on leashes," Burr said.

He said, likely due to the fact they were confined for so long, they have a strange way of running, like trotting horses.

The dogs are not house-trained but Burr said they are being clean in their kennels and he doesn't believe there will be a problem training them.

The dogs are being spayed and neutered and are ready for adop-

tion or to go to temporary foster homes.

Anyone interested in volunteering to walk the dogs are also needed.

The Upper Credit Humane Society, located at the southeast corner of Trafalgar Rd. N. and Wellington Rd. 124 in Erin, is open Tuesday, Wednesday, Friday and Saturday from 9 a.m. to 1 p.m. Call 519-833-2287 or visit www.uppercredit.com.

More comfy. Less spendy.

This is the year to get high-efficiency.

This winter, grab a little warmth and bring it home with a high-efficiency furnace from the experts at Direct Energy Essential Home Services. Our Energy Management Consultants can help you choose the high-efficiency unit that's right for your home. Plus, Direct Energy carries the furnace names you know and trust, and each one is installed by a licensed professional. And with energy costs as they are, high-efficiency has never made more sense - or given you a warmer feeling.

Plus, purchase any new furnace from Direct Energy by December 31st, 2004 (for installation by January 21st, 2005) and:

- Don't pay for 90 days*
- Choose from trusted brands installed by experts

Direct Energy
Essential Home Services

Direct Energy and the Energy Bolt Design are trademarks of Direct Energy Marketing Limited. *Certain terms and conditions apply. On approved credit. The 90-day deferral offer is available on selected heating equipment purchased from Direct Energy Essential Home Services before December 31st, 2004, installed by January 21st, 2005 and financed (\$400.00 minimum) through Direct Energy Essential Home Services. No payment or interest will be charged on the balance owing until approximately 90 days from the date of installation. A deferral fee of \$19.95 along with applicable taxes are payable at time of purchase. There are no penalties for early payments; the remaining principal balance can be repaid at any time. Financing of service work provided by Direct Energy Essential Home Services is restricted to installation and extended warranties. After the 90 day deferral period, for eligible products and services: 1) minimum monthly payment required; and 2) interest charges will accrue on amount financed at 19.5% per annum (approximately 90 days from the date of installation). Minimum purchase of \$400.00 required. Deferral charge, taxes, installation and delivery not included and may increase price or monthly payment(s). Call for details. Program subject to change, without notice, at anytime. Direct Energy and the Energy Bolt Design are trademarks of Direct Energy Marketing Limited.
