

A morning with Munsch

Children's author Robert Munsch visited St. Francis of Assisi recently to watch Grade 3 students act out a collection of his stories. Afterward Munsch gave a very animated preview of a couple of stories from his next book. The famed children's author's visit was part of Catholic Education Week.

Author to discuss bullying

Famed child behaviourist Barbara Coloroso will visit Georgetown and Milton to speak about bullying and what parents can do to break the cycle.

Coloroso will be speaking on Monday, May 30, 1-3 p.m. at the South Side Community Church in Milton and 7-9 p.m. at Georgetown District High School.

Bus transportation from Acton to the Milton or Georgetown venues is available upon request. Contact Const. Laurel Barnett before May 20, 905-878-5511, ext. 2120 or laurel.Barnett@hrps.on.ca.

Tickets are \$10 for each venue and can be purchased in Acton at Off the Wall youth centre and HHCSI office, 47 Mill St. E. and at the Acton Public Library. In Georgetown, residents can obtain them from Const. Barnett at the Georgetown police station, The Freckled Lion or the Ontario Early Years Centre.

Tickets are cash only, and cannot be reserved by phone.

... Lend Me Your Ears

SECOND HAND SMOKE INCREASES EAR INFECTIONS IN CHILDREN

Ear infections are the Number One reason young children visit their doctors and take antibiotics. A new study finds many of those infections could be avoided if parents who smoke would make one important change.

A recent study in the archives of pediatric and adolescent medicine is giving parents another reason to quit. It finds exposure to cigarette smoke in the home increases children's risk of middle ear infections. The smoke inflames the tissues of the middle ear so that viruses and bacteria can invade more easily and cause infection.

Cool or Clueless?

Is there really any question?

There's no doubt about it: smoking pollutes your body and takes years off your life. Cigarettes are very addictive, very expensive and very unpleasant for those around you. If you do smoke and have thought about quitting, prove to yourself you can do it. It takes a lot of hard work and dedication, but you can live smoke-free if you try.
