**WHICH CRAFT  
Art Studio - Kids Art Program**

At Which Craft, youth come into an Art Studio and are exposed to a variety of art projects in a relaxed and positive environment. We are dedicated to the development of each student's innate abilities and help them see their creation of art through to fruition. During the course of our ART Classes we offer a diverse set of art projects that will challenge and teach the students. We aim to have our students gain confidence and self esteem by realizing their capabilities.

It is our ambition at Which Craft to help each person discover their potential and to inspire their creative aptitude. The creation of art should be an experience that is both fun and rewarding. There is a unique pleasure from creating something, of having a piece of art reflect your personality and your perspective and we aim to have our campers experience this type of knowledge and collaboration. Call today to find out more about starting your child on a life long creative experience.
