JA programs can make a difference

Do you want to do something that makes a difference for kids? Do you like passing on your knowledge and wisdom to the next generation of business leaders?

Consider volunteering to deliver a Junior Achievement program. JA provides an opportunity for local

business leaders, educators, parents and the community-at-large to work together to help prepare our youth for their future.

Contact Jamie Schumacker at 905-877-4304 for more information about Junior Achievement programs.
