

## Chudleigh to remain as Tory economy critic

Halton MPP Ted Chudleigh has retained his post as critic for Economic Development following a realignment of critic portfolios in Ontario Progressive Conservative leader John Tory's shadow cabinet.

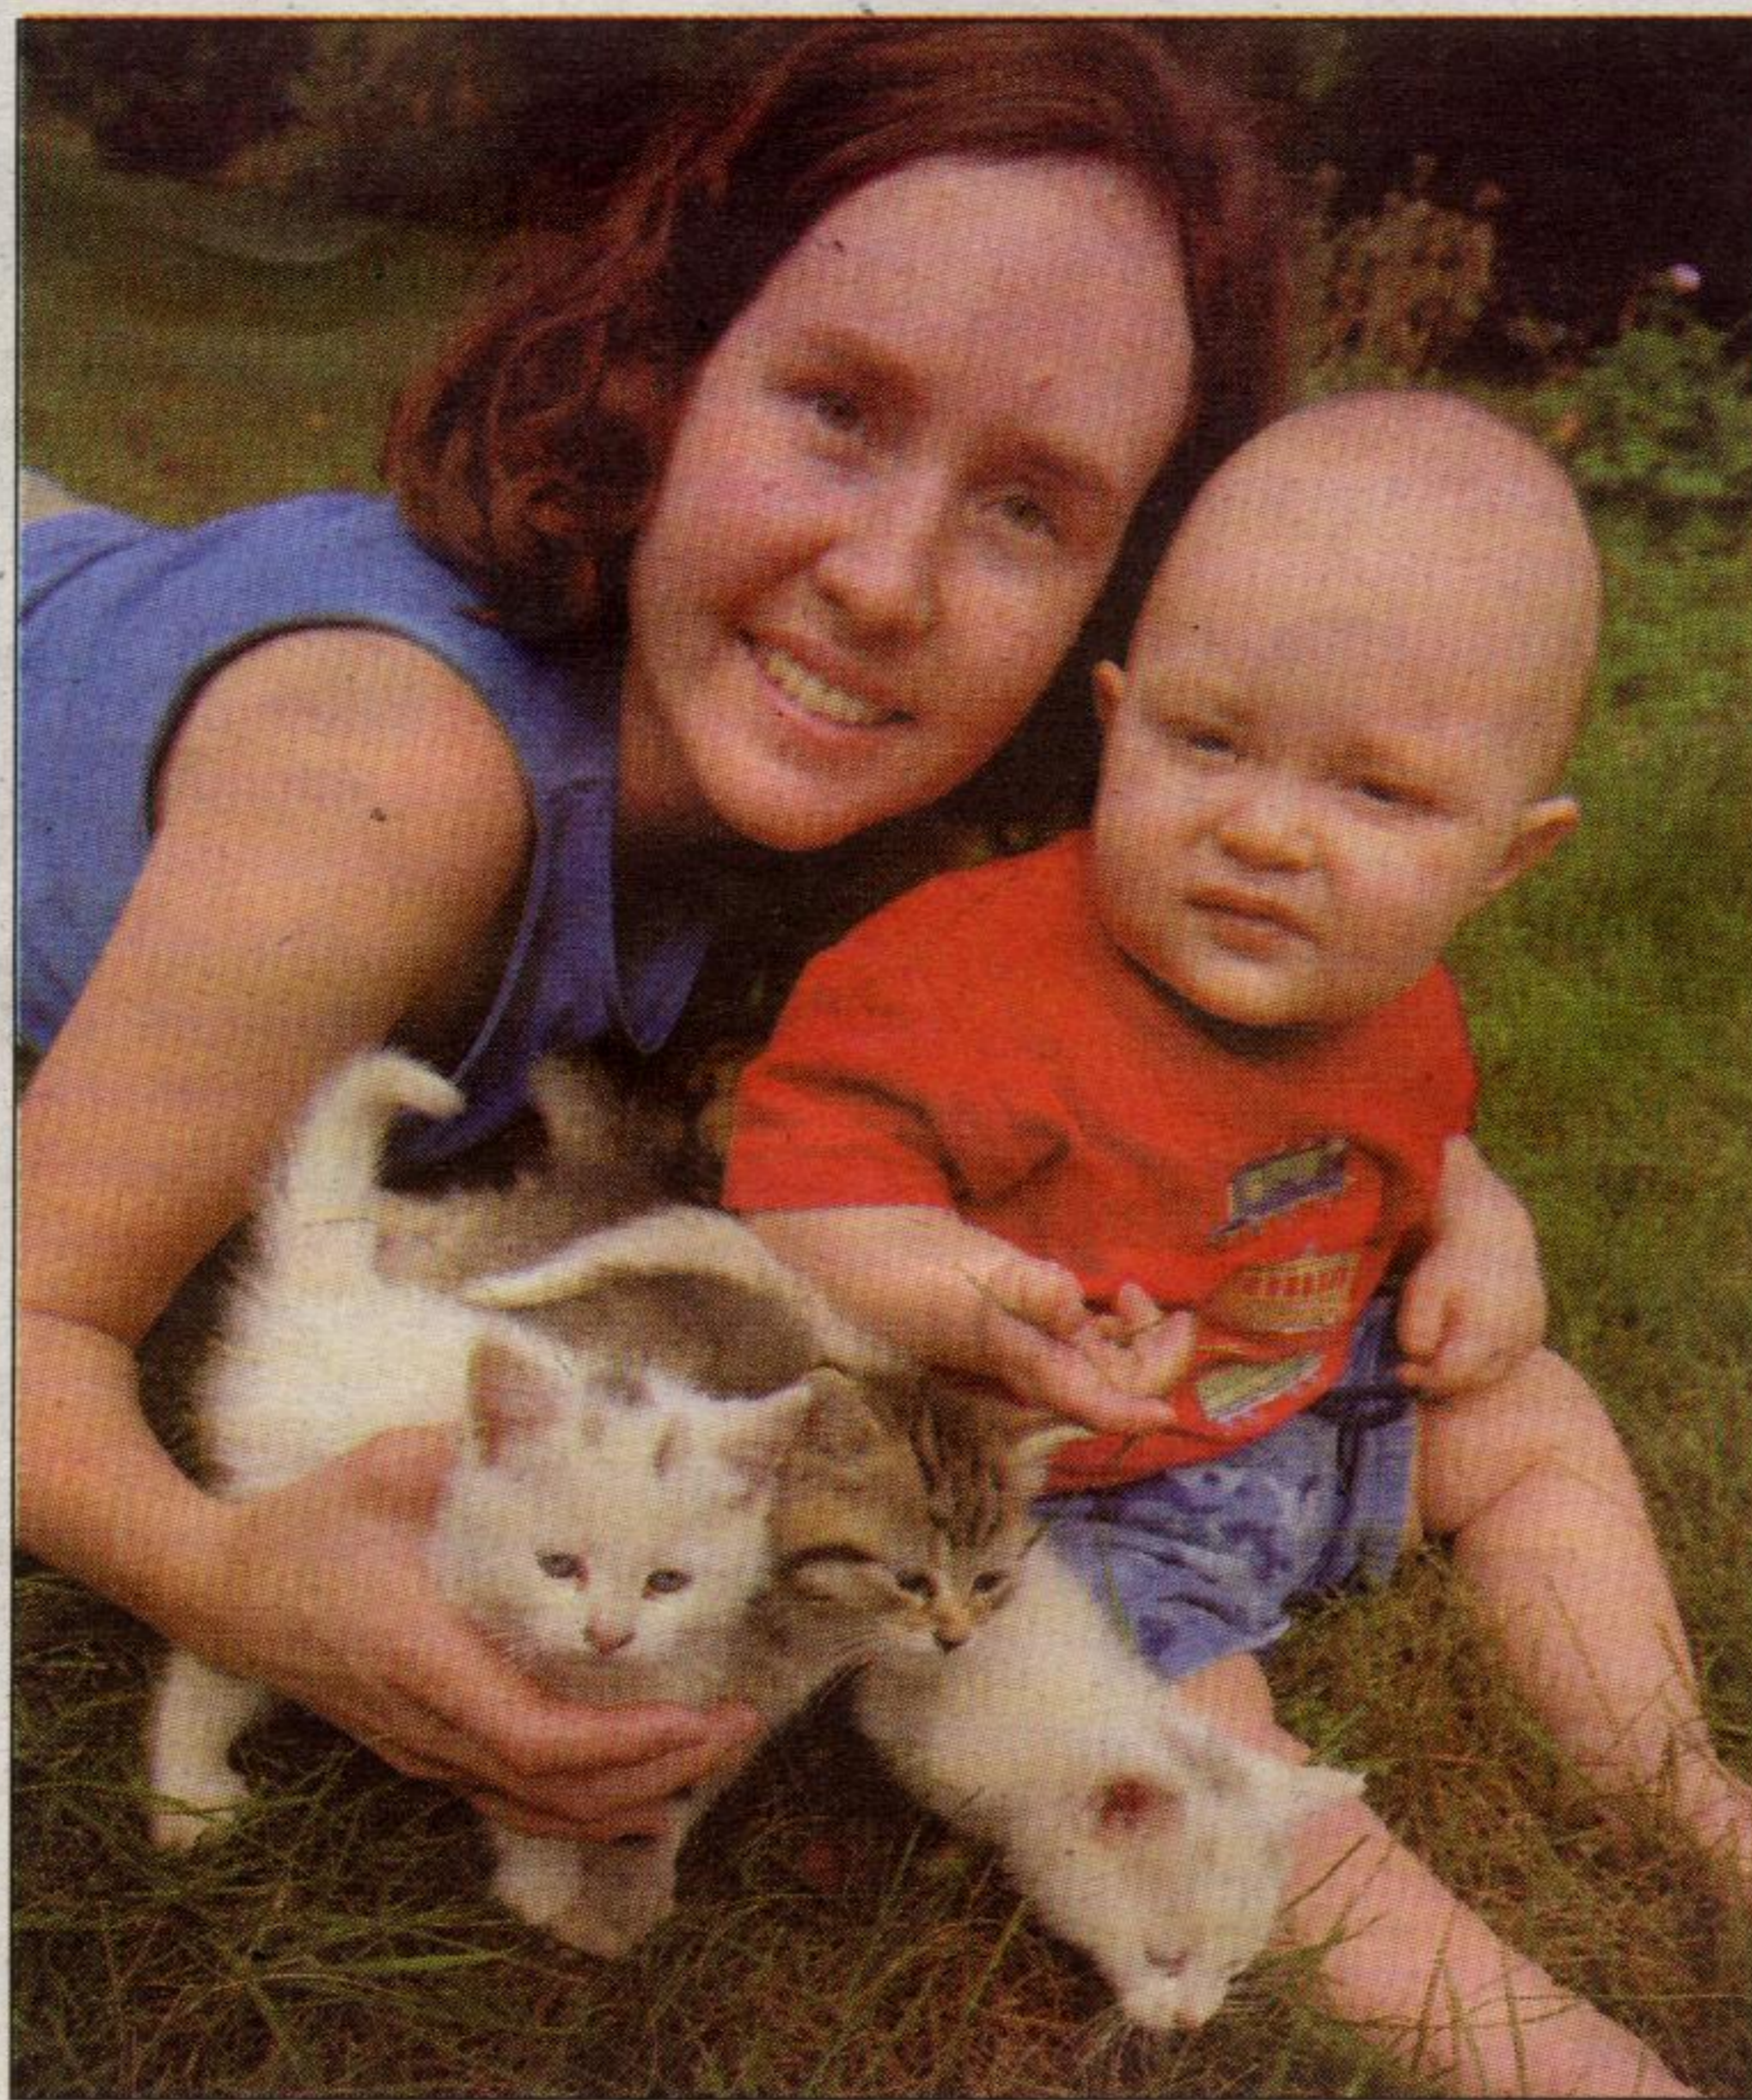

Chudleigh was one of the few members of the Leader of the Official Opposition Tory's shadow cabinet to keep his previous position.

"I'm pleased to remain as critic for Economic Development and Trade," said Chudleigh. "I believe the McGuinty government has made several major missteps in their economic and trade policies, especially pertaining to tax levels, corporate welfare and border security. They need to be held to account."

Chudleigh said he is concerned that job trends in Ontario suggest that increased taxation by the Liberals is having a negative effect on the province.

"I am concerned that tax increases have a negative effect on our prosperity and could propel Ontario into the position of being a have-not province," said Chudleigh.

Chudleigh also retains his role as Deputy Whip responsible in part for making sure opposition members are present in the Legislature.

## Abandoned kittens rescued

Laurie Weber and her son David had their hands full as they corralled five abandoned kittens at their Sixth Line residence earlier this week. Weber and her husband were cycling in the Sixth Line/10 Sideroad area when they discovered the five kittens and their mother. They collected them and will be sending them to the Upper Credit Humane Society in Erin to be offered for adoption.

### Drive SAFE back to school

Brent Marshall  
CAO, Halton Region

Now that the kids are going back to school, it's important to be mindful of how fast you drive when behind the wheel of your vehicle. On your travels around Halton, you may have seen some of our Drive SAFE (Safety Awareness For Everyone) road signs, reminding drivers of the costs of speeding such as fines and lost demerit points. We're also displaying posters in community centres across the Region to further drive home the important message of road safety. So this back-to-school season, be aware of your speed while driving and slow down. It could be the best decision you make all day.

Help keep Halton roads safe. Drive SAFE.
