Council, staff wish outgoing CAO a happy retirement

On September 30 our CAO, Bob Austin, will be retiring. Bob started working for the Town of Halton Hills in 1994. He served our community as Town engineer for most of his career.

Two and one-half years ago, Bob was appointed the Town's Acting CAO, and then shortly after that, the position was made permanent. Bob has a work ethic that is second to none. His straightforwardness, common sense, and low-key approach is admired by staff, municipal peers, Council, and the public.

On behalf of council and staff,

we wish Bob and his wife Mary Anne a very well deserved, happy retirement. Remember Bob, hit 'em long and straight! We'll miss you.

On October 1, Dennis Perlin will be taking over the helm as our new Chief Administrative Officer. Dennis brings more than 30 years municipal experience to Halton Hills. He is very familiar with our town. Dennis was once CAO of Halton Region, from 1980 to 1986, before he accepted a job as chief solicitor for the City of Toronto.

It was during his stay in Halton Region that I first became acquainted with Dennis. It was a turbulent time at Halton Region with the Halton Landfill Site Selection, financial issues, and of course, parochialism between the four municipalities which make up Halton. Dennis steered a steady ship.

When you meet him, you will see a very enthusiastic and personable fellow. Dennis will have an understanding of the many challenges facing our municipality.

Kids are back to school. Please be mindful when driving. Remember, you can be fined up to \$2,000 for passing a school bus while the lights are flashing.

Over the past year, there have been excellent stories of courageous Halton Hills residents who have been given a new life because of organ transplants. We have a young lady who I personally know that had

THE MAYOR'S MESSAGE

Rick Bonnette

a double lung transplant, and two gentlemen, one has had a heart transplant, and the other a kidney transplant. They are all alive today because of the Organ Donor Program. Remember, you can save a life by filling out a donor card.

On behalf of Council, congratulations are extended to the Royal Canadian Legion, Acton Branch 197 Ladies Auxiliary, on the 60th Anniversary of their Charter, granted on September 11, 1945.

I am pleased to announce, on behalf of council, that under the Pavement Management Plan, road work on nine streets in Georgetown will be completed in 2005.

This is the first year for the Pavement Management Plan where 2 per cent of your property taxes is being allocated for upgrades. Next year, streets in Acton will be designated for improvements under the plan.

Council welcomes the following new businesses in Georgetown: Centre Stage School of the Arts, Georgetown and Strictly Dance, Norval

Keeping it real! I can be reached by telephone at 905-873-2601, ext. 2342, or by e-mail at mayor@haltonhills.ca

—Rick Bonnette is the mayor of Halton Hills

Cool or Clueless?

Is there really any question?

There's no doubt about it: smoking pollutes your body and takes years off your life. Cigarettes are very addictive, very expensive and very unpleasant for those around you. If you do smoke and have thought about quitting, prove to yourself you can do it. It takes a lot of hard work and dedication, but you can live smoke-free if you try.
