Raiders awaiting additions to lineups

that every team is going to be after you just because of who you are," DeAngelis said. "We have to be ready for every team playing their best game against us."

Apart from entering the season with a target on them, the biggest difference is in the past the Raiders have had their lineup set on opening night. This year Georgetown finds itself waiting on some missing pieces.

One of those finally fell into place when netminder Ryan Gibb joined Jason Fiorino, who started Saturday. Gibb spent the past two seasons with the OHL's Oshawa Generals, posting a 3.51 average in 72 games. He made his Raider debut Monday.

Up front the Raiders are still waiting on

Paul Marchese. Georgetown is trying to work out an agreement with the Mississauga Raiders, who own his OHL rights. Marchese, the other player acquired in exchange for Kyle Friday, set up Glenn Hartwell's goal Saturday and added another assist Monday.

On defence, the Raiders' deal for Nathaniel Morris was reversed, returning Dustin Howard to Georgetown. However, the Raiders have not given up on their efforts to acquire Morris.

Georgetown is also hoping to have Andrew Dennis in their lineup shortly. The 6'1", 195-pound defender has spent the last two seasons with the OHL's Barrie Colts.

Drinking and Driving Can Distort Life.

Drink and drive, and your life may never be the same again. You not only risk your life when you drink and drive, you also risk losing your license, incurring expensive fines, doing time in jail, even causing injury or death to an innocent bystander. With all these consequences facing you, driving under the influence is the worst decision you can make. Don't take chances with drinking and driving. There's always a better alternative.
