TRENTON**  
DENTURIST

### DISCOVER YOUR DENTURIST IF YOU WEAR DENTURES

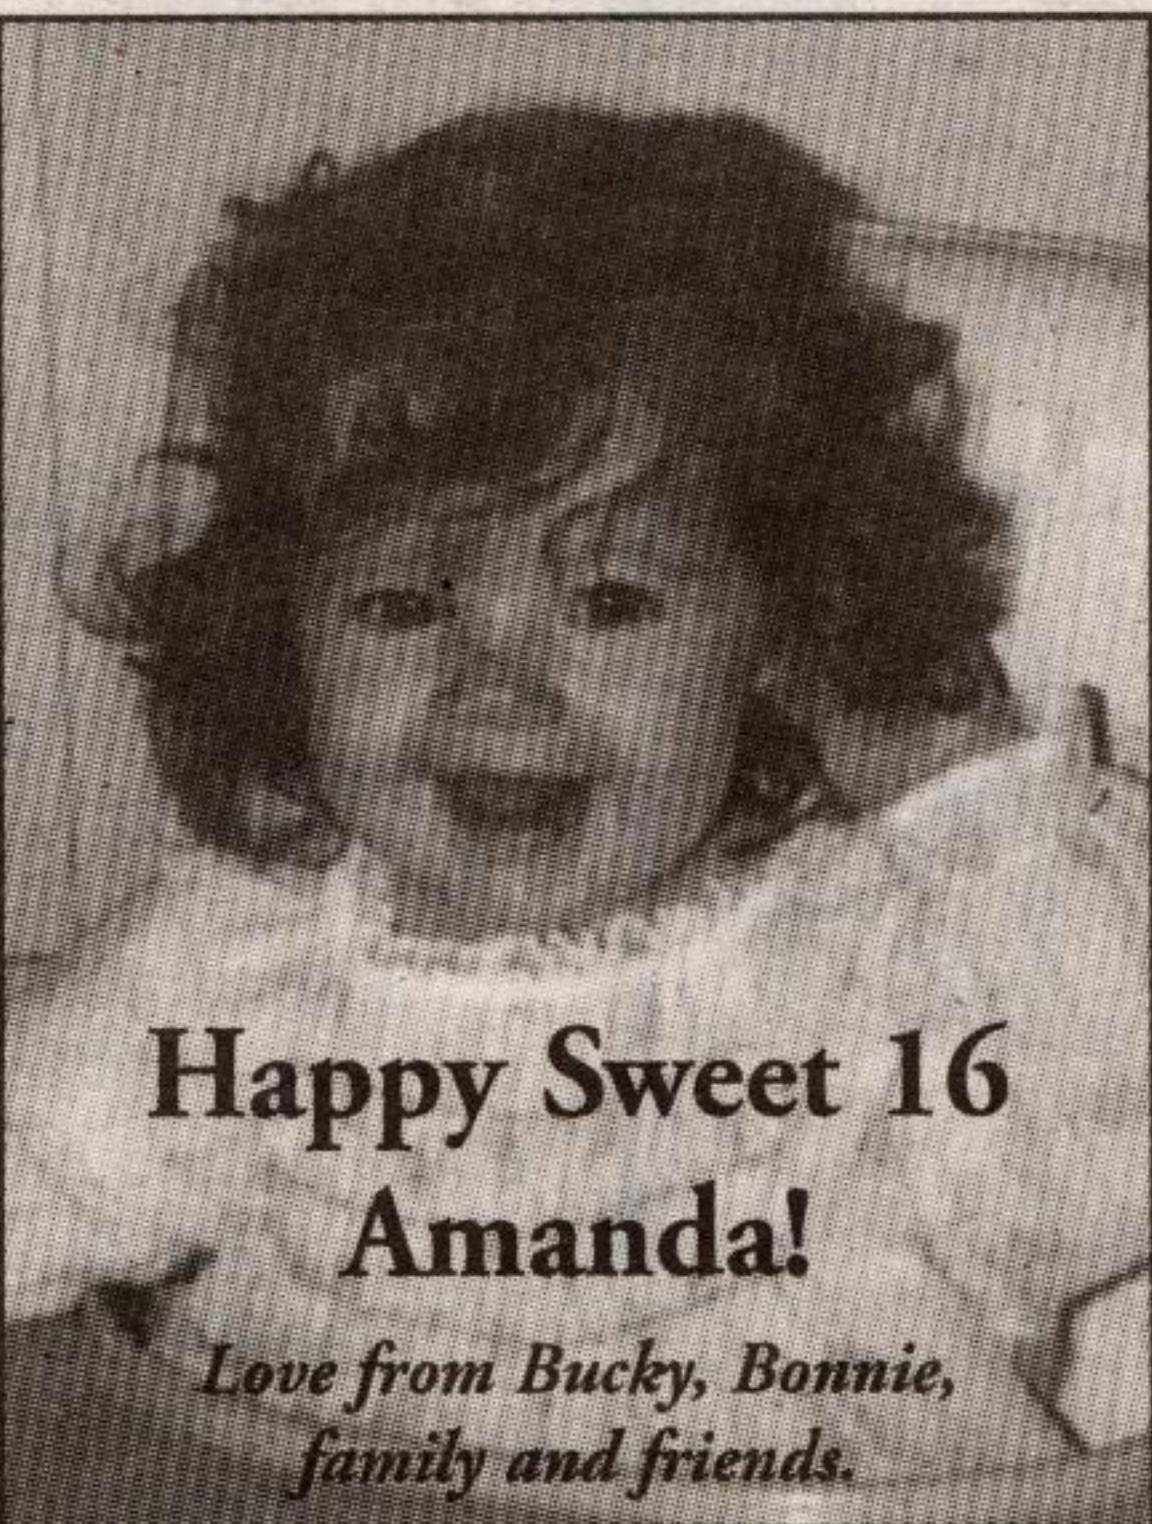

1. Avoid using pads, liners or denture adhesives to improve the fit or your dentures. If they're loose, see your dentist. Your gums, like your eyes, change as you get older. Dentures, like eyeglasses, must be adjusted or changed periodically.
2. Avoid using very hot or very cold water on your dentures, and don't let them dry out. Such extremes can cause your denture to warp.
3. Remove your dentures overnight and put them in a container filled with water. This won't cause your face to sag! It will give your gums a needed rest. Healthy gums will extend the life of your dentures.
4. Have yearly check-ups. Our office does not charge for consultations. If you follow these tips, your dentures will fit, function and look their best.

You do not need a referral - simply call our office direct.

Creating confident smiles since 1982.

## New Georgetown employment resource centre opens officially next week

The newest community resource for Halton residents, the Georgetown Employment Resource Centre is holding its first official open house on Wednesday, October 5, from 2-4 p.m. The official ribbon cutting ceremony is at 3 p.m.

Located at 184 Guelph St., the new Georgetown Employment Resource Centre is an up-to-date and comprehensive employment and career resource centre for individuals who are looking for work, education and training programs or who need access to computers and the Internet.

"This is an ideal opportunity for Halton residents to visit the resource centre, meet

our dedicated and knowledgeable team of career information specialists, view demonstrations of the technology, and learn more about the free services we have to offer," said Teresa Ierullo, senior co-ordinator of Information Services.

The Georgetown Employment Resource Centre has an excellent selection of business directories and self-study tutorials, free access to computers, Internet, MS-Office, printers, fax and telephone access. For more information about the Georgetown Employment Resource Centre, contact Lori Hart, co-ordinator at 905-693-8458 ext. 114 or via e-mail at [hartl@thecentre.on.ca](mailto:hartl@thecentre.on.ca)

## Minister congratulates Terra Cotta Cookies on healthy version of new product

Terra Cotta Cookie Company of Georgetown, which services over 800 schools in 12 school boards, announces the success of its new Delite cookies.

Introduced earlier this year, the new cookies have 50 per cent of the soya oil margarine replaced with unsweetened applesauce and have 0 trans fats. They are offered in a 30 g size, which meet the current government nutrition guidelines.

"Ontario is fortunate to have companies like yours who are sensitive to the health

and well-being of the students they serve," wrote Monica Turner, Director Policy and Program Branch for the office of the Minister of Education Gerard Kennedy in a letter to Terra Cotta Cookies.

Also being introduced in October is a new entrepreneurial training program, which allows senior students to manage and run their own snack program. With schools facing a shortage of staff and volunteer help, Terra Cotta Cookies is providing full training and support to senior students. For details, visit [www.terracottacookies.com](http://www.terracottacookies.com)
