Young artist's work is showcased at local restaurant

Georgetown woman Adrienne Houston held her debut exhibition, earlier this month at Simply Bleu Bistro. The exhibit, of which nine of the 16 oil paintings have already sold, continues there until Sept. 30. Below is a review by John Sommer, owner of Gallery House

Sol and longtime supporter of up and coming artists:

In the last years I encountered paintings by Adrienne Houston in group exhibitions at the Gallery of the Halton Hills Cultural Centre. Some of these paintings, submitted to juried exhibitions, were given awards by the judges. Now this young artist has her first solo exhibition at the Simply Bleu Bistro on Main St. in Georgetown until Sept. 30.

Houston has an uncanny feeling for the foibles of our time and she is not afraid to pin them down with mischievous wit. Often her paintings look like cartoons or stills from an animated film. I fell in love with a delightful little painting, titled *The Perfect Evening*. In my imagination it had blossomed into an outstandingly funny animated

movie of married or not married bliss.

There are also several landscapes and seascapes in this exhibition that show Houston's talent engaged in a different way. In these she depicts forces of nature. This side of her creativity might develop one day into very grand and riveting art works of a different kind.

Collective of artists to open new show in the Gallery

A group of about 40 local artists working in many different media—painting, drawing, photography, mixed media, pottery, fiber arts, glass, stone carving, wire sculpture and more presents Artists Among Us at the Halton Hills Cultural Centre, from Oct. 2 to Oct. 31.

A Meet the Artists' open house and reception will be held on Sunday, Oct. 2, 2-5 p.m. with harpist and light refreshments.

About 40 artists are participating from wide geographical field—Halton Hills, Rockwood, Hockley Valley, Guelph, Brampton, Mississauga, Fergus, Oakville, Milton and Burlington. While the artists participate in the show as individuals, many are associated with art groups. Their aim is to showcase a wide variety of art forms. Work includes pottery (raku, smoke, sagar and electric fired pottery); sculpture (bronze, alabaster, clay, iron and wire); fiber arts (felted, wall hangings, papier maché); painting (watercolour, acrylic, oil, drawing); original printed material; glass; jewelry; photography and mixed media.

The show is an opportunity to meet the artists and discuss their work, to see many different art forms in one show and the to purchase original works of art.

SMOKING
is it worth it?

Someday, you'll be offered a cigarette or be tempted to smoke. Before you start, think about it: every drag you take screws up your body.

Smoking can cause permanent damage to your body. Once a person starts, it becomes extremely tough to quit. And did we mention all that cash you'll be blowing in the process?

So, if you're tempted to start, ask yourself, "Is it worth it?"
