Raiders' rookie nets winner in win over Blades

up 3-0 before the 12-minute mark. Oakville would battle back but Lovatsis scored on the back end of an Oakville double minor.

The goal was the fourth for the Raider rookie, who has impressed Anderson with his ability to make the jump to Jr. A.

"When a young kid comes in it usually takes a month to get used to the pace but he's doing it right away. He works hard in the corners, he works hard coming back. The veterans recognized him as a good

hockey player and that's allowed us to move him up quicker."

The Raiders also got a big contribution from captain Frank DeAngelis, who set up all four goals on Saturday and is third in the league in scoring among defencemen.

"Not only is Frank scoring and setting up goals, he was playing close to 40 minutes. Without (Andrew) Dennis (who was serving the last of a two-game suspension), there was a huge gap on the blueline and he stepped up and

filled it himself."

RAIDER RAP: Raider goalie Jason Fiorino asked for a trade and then did not come to the weekend games. That left the Raiders without a backup for both games.Paul Marchese scored in both weekend games....The Raiders play in Bramalea Friday and then host Milton Saturday at the Alcott Arena at 7:30 p.m. The Raiders will host a pre-game barbecue and players will be signing autographs from 6-6:30 p.m.
