## The Regional Municipality of Halton

### NOTICE OF STUDY COMMENCEMENT

#### Zone 5 Lake-Based Water System Storage Town of Milton & Halton Hills 401 Corridor Class Environmental Assessment Study

The Regional Municipality of Halton is initiating a Class Environmental Assessment to provide a water storage reservoir for Halton's Zone 5 lake-based water system (see map below). The need for the water storage reservoir was identified in the Halton Water & Wastewater Master Plan Review (2002). This reservoir is required to provide fire protection, supply during peak hour demands and emergency water supply for new development lands in Milton and the Halton Hills 401 Corridor.

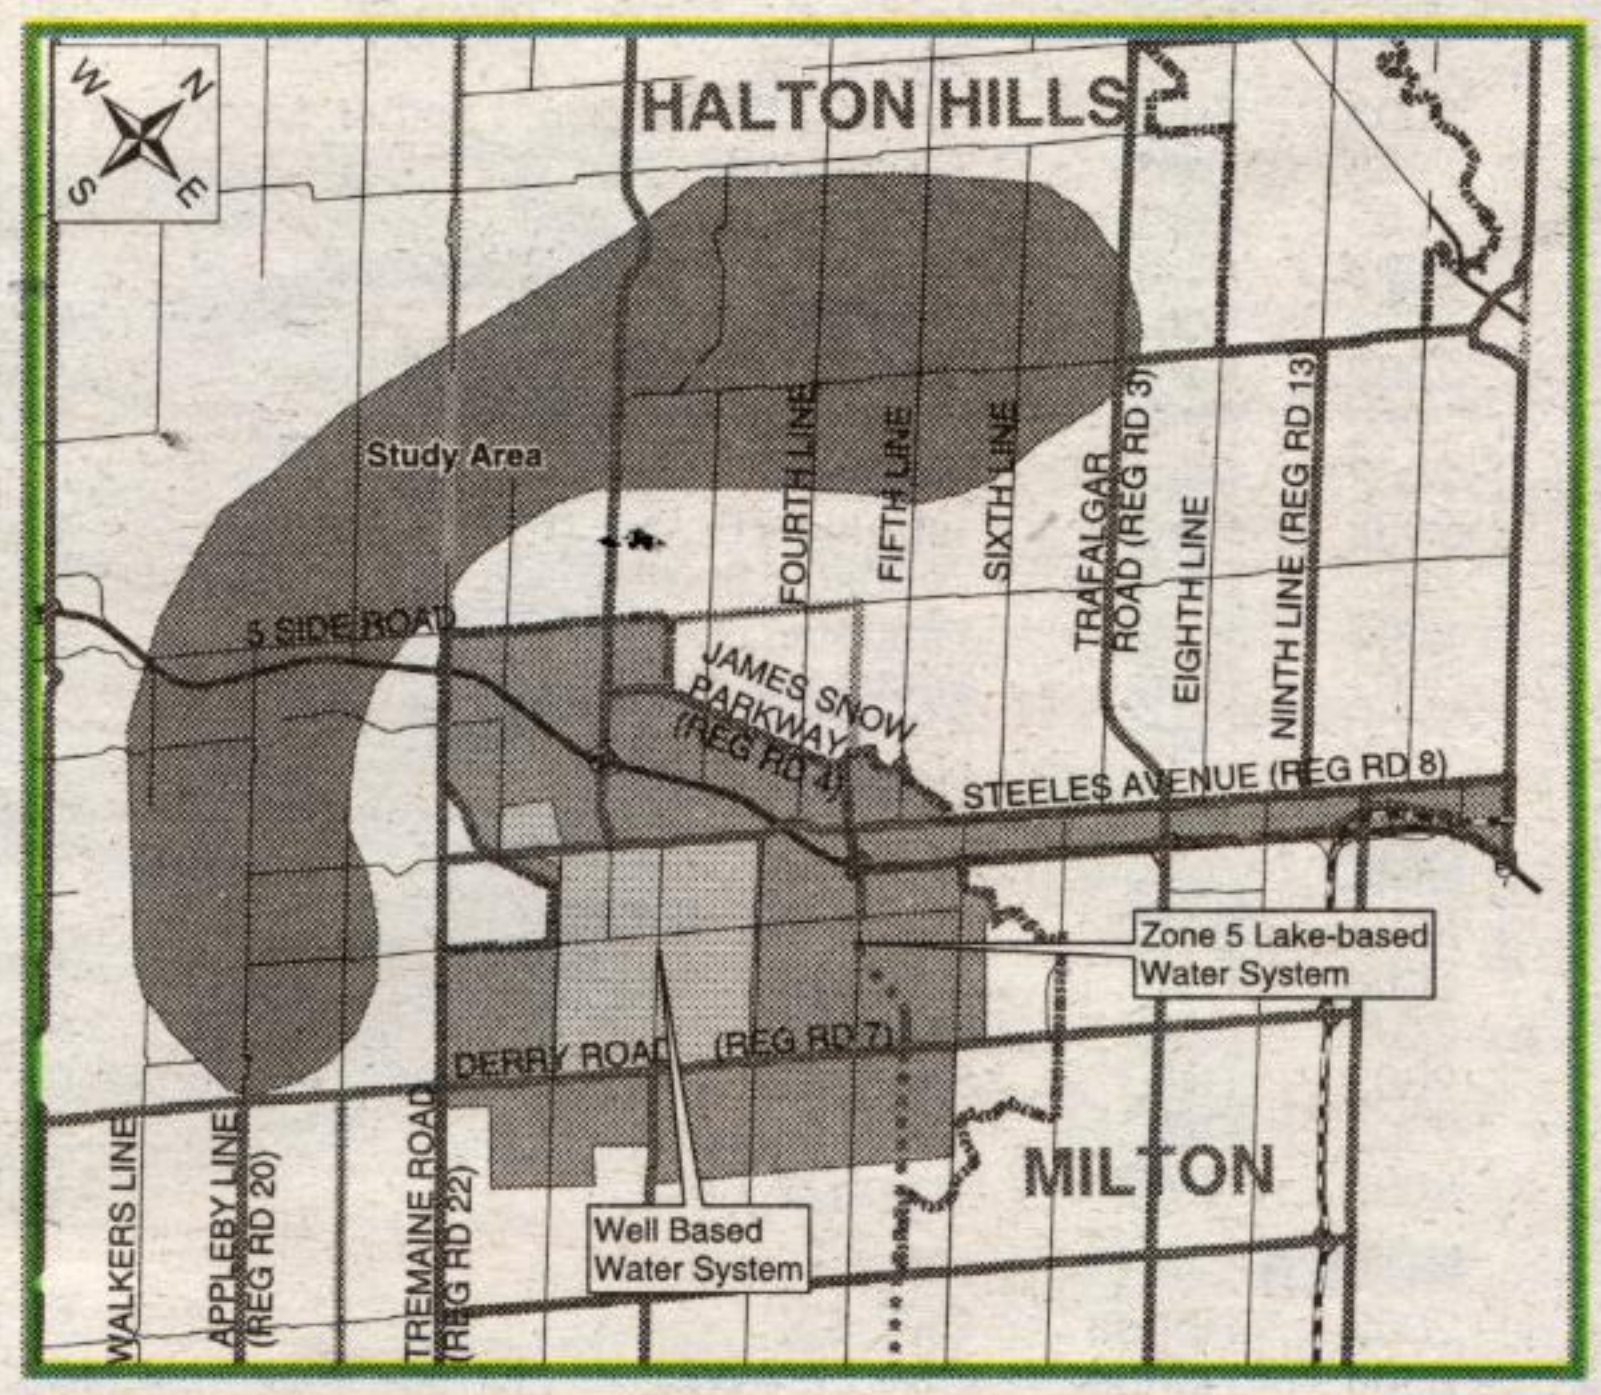

This notice signals the commencement of the Class Environmental Assessment - a study which will define the problem, identify and evaluate alternative solutions including reservoir location, and determine a preferred solution in consultation with regulatory agencies and the public. The study is being conducted in compliance with Schedule B of the Municipal Class Environmental Assessment (June 2000), which is approved under the Ontario Environmental Assessment Act. A key component of the study will be consultation with interested stakeholders (public and regulatory agencies) including one Public Information Centre (PIC). The PIC will provide stakeholders with an opportunity to meet the Project Team, review the study scope and discuss issues related to the project including alternative solutions, environmental considerations, and evaluation criteria. Details regarding the forthcoming PIC will be advertised as the study progresses.

Information requests or questions may be directed to:

#### Standing Still Is Not An Option: Workplace Health Symposium

*Chairman*  
 Joyce Savoline

Research tells us that attraction and retention of skilled workers will be the greatest challenge facing employers in the next five to 15 years. Workplace health programs have been linked not only to improved employee wellbeing, but also help to increase recruitment and retention of skilled employees.

The Halton Region Health Department will host its second workplace health symposium, "Standing Still Is Not An Option", on November 17, 2005, at Rattlesnake Point Golf Club, 5407 Highway 25 in Milton, between 8:30 a.m. - 12:00 noon. The registration fee is \$60.

For more information or to register for the symposium, please contact the Halton Region Health Department by Wednesday, November 9 at 905-825-6000, Toll free at 1-866-4-HALTON (1-866-442-5866), TTY 905-827-9833 or visit our website at [www.halton.region.on.ca/health](http://www.halton.region.on.ca/health).
