

# Bigg wants good start at OFSAA meet

Continued from pg. 21

Bigg placed 64th at OFSAA last year in the midget boys race and believes that experience will help him this time around.

"Getting off to a good start is going to be important," he said. "I was a bit edgy the first time but I learned from that."

Christ the King just missed qualifying, finishing third as a team in the senior girls race. The Jaguars placed four runners in the top 35, led by Megan Milne, who was 18th in GHAC and 14th in Halton and Andrea Legere, who was 20th in GHAC and 16th

## LOSS OF HEARING DUE TO NON-AGING FACTORS

Hearing loss due to aging can be compounded by other things. A few of these include noise exposure, disease, and ear infections.

Hearing loss due to age and noise are cumulative. That is, hearing loss from noise exposure will be added on to hearing loss due to aging. Neither are not medically correctable. There is something to be said for protecting the hearing that we have left by wearing hearing protectors when exposed to noisy environments.

Each of us reacts differently to hearing loss. We may totally or partially deny that a problem exists. Typical "denial" statements are "you're mumbling again", or "I was not paying attention", and can be a way of concealing hearing difficulties.
