

Research firm to conduct survey on town services

During the upcoming week, November 7-15, a private research firm will be conducting a random survey on behalf of the Town of Halton Hills.

The research gathered from this 20-minute survey will assist the town in evaluating how the Town delivers services to its citizens. Based on the information provided by the 400 residents to be contacted, the Town can then prioritize and improve the services offered and how those services are delivered.

The Town is looking for input to the following questions:

- Do the citizens find the services provided by the Town to be of value?
- What are the service priorities to the citizens?
- What are the expectations for the existing services?
- Should the Town be providing other additional services?

Any questions, should be directed to Simone Gourlay, 905-873-2601 ext. 2210.
