## Green Futures program to engage students

Conservation Halton has launched a new program aimed at the region's students thanks to a grant received from the Ontario Trillium Foundation.

The \$277,500 grant will support the Green Futures community outreach program, which is aimed at engaging Halton's students and families in innovative education and outdoor learning experiences.

Green Futures will include several major annual community events starting next year, such as the launch of the Halton Children's Water Festival, which will be held together with Halton Region.

CH will also launch the Science Mentors and Innovators Program in which local Grade 12 students will participate in a mentored science competition with local graduate students and industry experts.

Other initiatives include the storm-drain marking Yellow Fish Road program and the imaginative Stream of Dreams program, which blends art and natural history to create murals using hand-painted wooden fish.

Green Futures also includes a community-based tree planting initiative called Trees for Watershed Health.

# After 44 years, picking the best used cars becomes second nature.

Here's just a sample of over 250 vehicles we have in stock.

Limited Time!

The look you want.

The care you deserve

Come meet our highly qualified team:

Dr. A. Malik, MD, FRCS, FACS

Cathy MacKay R.N.

Kris Kern R.N.

Call for a FREE Consultation

Specializing in Hair, Tattoo and Pigment Removal

**NOW OPEN SUNDAY 11-4**

Every one of our cars is carefully selected and must pass our 110-point mechanical, appearance and detail inspection before it ever goes on the lot. If it fails, we won't sell it. We back that up with a 30-day or 2500 km exchange policy, a 6-month or 10,000 km powertrain warranty and a 30-day mechanical warranty. And we put it in writing. Few used car dealerships can offer you that kind of peace of mind. But then again, you would expect a company established in the 60's to be big on peace.
