New gowns for the new year boast a variety of colours at Brampton's Bea Shawn

Continued from pg. 3

banding and beads in all the same colours as the bridesmaids dresses. The bride and her bridal party can truly look both perfectly co-ordinated and custom designed without having to pay the price for custom designs.

Jewelry is increasingly important— pearls are always traditional for brides, but more and more are opting for crystals and rhinestone in necklaces and earrings to complement their headpieces and tiaras.

Many brides are moving back to the more traditional cathedral length veils, or to veils with matching details to their wedding gowns. We now stock veils accented with pearls, crystals, rhinestones, and coloured gemstones as well as a large selection trimmed with embroidery in colours to match the wedding gowns.

Bea Shawn Fashions understands that every bride is looking for value. Once again, they are offering a "We Pay the Tax Event."

Customers who buy in-stock wedding gowns between January 16 and February 4, 2006 will save the tax, as Bea Shawn will pay the GST and PST for them.

This very special offer applies to

all wedding gowns in the store, sale and full price and obviously means a 15 per cent savings on every dress! Full service, and an opportunity for significant savings— what more could a bride want?

You'll also find a wide variety of bridesmaid dresses, flowergirl dresses, and special occasion wear for the mothers of the bride and groom at Bea Shawn. Their collection of exquisite beaded mother of the bride gowns is a welcome addition for women looking for something unique, and they are available in a full range of sizes and colours. There really is something for everyone.

As with their wedding gowns, they stock all sizes in samples so that there is something for everyone to try on.

Bea Shawn's experienced staff are committed to helping every bride and all the women in her bridal party find that perfect gown that suits them best.

If you'd like more information, please contact the store at 905-457-3363, or drop by at 389 Main Street North, in Brampton. Remember, no appointments are necessary.
