

Hey!!!!!!!

What the heck is going on?????

Is it winter, spring or what? Can I put away my wife & kids' shovels? When do we hear from those unpredictable furry rats that poke their heads out of the ground anyway?

It's Chinese New Year. Year of the Dog! Maybe some mongrel will grab one of those little liars by the scruff of the neck and make them **ACCOUNTABLE!**

Just kidding folks, don't send Pamela Anderson after me, Willy is a groundhog from Wiarton not a chicken from Kentucky.

OKAYYYY, That was my "confused about the weather" rant. What I am **NOT** confused about are the service & parts specials that grace this page. Combine those with the most distinguishable product line of automobiles in the market today and it spells **WINNER.**

YESSSSSIREEE, you might accidentally try to empty your grocery cart into a Camry if you own an Accord or vice-versa. But, that will never happen if you choose a **DODGE CHARGER.** Why? Three reasons.

- A) The Charger is unique in appearance. (cool)
- B) You'll have more groceries because you have more room which equals less trips. (cooler)
- C) You can afford more groceries because you paid less for your car. (coolest)

Folks, **Georgetown Chrysler Jeep** is going to have a **HUGE** year, come see why!

WHEEL ALIGNMENT

*Our Ultra Modern Computerized Alignment Equipment is capable of aligning 2 or 4 Wheels at one time. We will be happy to explain wheel alignment and why it is necessary on front wheel drive vehicles.
