Local church group building Belize school

Eleven members of Georgetown's Christian Reformed Church (GCRC) are in Belize working on a school construction project. The team left Tuesday and are scheduled to return February 17.

The team chose to work with World Wide Christian Schools (WCS) for this project. The mission of WCS is to work through indigenous organizations, helping them to develop sustainable Christian schools where they are needed most.

Over the last few months the team has raised more than \$10,000 to ensure the required building materials arrive at the site in time. Many local companies participated in the fund-raising as well as the congregation. Each team member was responsible to cover their own airfare and expenses in Belize amounting to nearly \$1,500. All of the materials were purchased in Belize to help stimulate the local economy.

In recent years GCRC teams have been sent to Mississippi, Dominican Republic, El Salvador and Honduras. The team consists of a wide variety of local talent that includes a structural engineer, an arborist, a carpenter, farmer, teachers, an electrician, a painter, a concrete specialist, a student and a construction manager. Team members are: Kris Adema, Bryan Flikkema, Albert Grin, Gerald Kamminga, Dale Menken, Dan Roffel, Ray Scheepstra, Cecil Simpson, Will Rypstra, David Westerveld and Paul Westerveld.

The Regional Municipality of Halton

PUBLIC NOTICE

ALTERATIONS TO VARIOUS REGIONAL ROADS CITY OF BURLINGTON TOWN OF HALTON HILLS

The Planning and Public Works Committee for the Regional Municipality of Halton proposes at its meeting on Wednesday, February 22, 2006 at 9:30 a.m. to recommend to Regional Council at its meeting of Wednesday, March 1, 2006 at 9:30 a.m. to pass a By-law for the alterations to various Regional roads in the City of Burlington and Town of Halton Hills.

Construction drawings showing the works may be reviewed at the Planning & Public Works Department, Halton Regional Centre, 1151 Bronte Road, Oakville.

Peter M. Crockett, P. Eng.,
Commissioner of Planning and Public Works

What do you think we should do with Halton waste?

Halton Region's Proposed 2006-2010 Solid Waste Management Strategy

Halton Region, in co-operation with the citizen advisory Joint Municipal/Regional Waste Management Committee has developed a revised Solid Waste Management Strategy for 2006-2010. It updates the 1999 Strategy to help extend the life of our landfill and provides choices for meeting or exceeding the Government of Ontario's waste diversion goal of 60 per cent. The Strategy identifies the proposed waste diversion initiatives for the next five years, as well as choices for managing our waste beyond 2010.

A series of drop-in open houses will be held across Halton from 5:00 to 8:00 p.m. on the following dates:

Burlington City Hall (426 Brant Street)	Monday, February 13
Oakville Town Hall (1225 Trafalgar Road)	Thursday, February 16
Hugh Foster Hall (Beside Milton Town Hall)	Tuesday, February 21
Halton Hills Civic Centre (1 Halton Hills Drive, Georgetown)	Thursday, February 23

For more information on the draft 2006-2010 Solid Waste Management Strategy visit the website at www.halton.ca/ppw/waste or call Halton Region.

Thank You to Our Halton GreenCart Households!

The GreenCart demonstration program is continuing in 5,000 Halton households with great success! Halton Region wants to thank you for your participation in the program and encourage you to keep up the great work!

In the first four months of the GreenCart program, participants have successfully diverted 121,000 kg of compostable material from our landfill - this is the equivalent of 22,000 bags of garbage.

Whether or not you live in a GreenCart demonstration area, I encourage you to look at ways you can reduce, reuse, or recycle.

For more information about Halton Waste Management Services, visit www.halton.ca

Halton Regional Meeting Schedule:
