**Communicators**

In one of these challenging contract and casual on-call opportunities, you will be responsible for receiving, evaluating and processing routine calls for service and life-threatening 911 emergency radio and telephone communications. You must have a minimum of one year of experience working in a position with heavy public contact which requires you to use your excellent communication skills to obtain accurate information from a variety of clientele. Well developed data-entry skills in a computerized environment are essential. This role requires working 12-hour rotating shifts in a 24/7 environment, including weekends and holidays. For the duration of the training period associated with these positions, you will be assigned on a temporary full-time basis. **Competition #06-C-04. Closing date: March 10, 2006.**
