Residents encouraged to complete online survey

Chairman
Joyce Savoline

Last week we held the last of our four open houses on the draft 2006-2010 Solid Waste Management Strategy. We also have an online survey available for residents who may not have been able to attend the public forums.

Halton Region, in co-operation with the citizen advisory Joint Municipal/Regional Waste Management Committee has updated the 1999 Strategy in order to identify initiatives to extend the life of our landfill, propose waste diversion activities for the next five years, as well as options for managing our waste beyond 2010. The success of the strategy will be dependent on your participation, so it is important that we hear your thoughts.

To view the draft 2006-2010 Solid Waste Management Strategy and complete the online survey before March 17, please go to our website at www.halton.ca.
