

Celebrate Easter at the library

Children are invited to come and celebrate Easter at Halton Hills Public Library.

For the preschool set, children aged 3-5, can enjoy an hour of Easter crafts and activities. Registration is required, and the program will be held at the Acton branch on Saturday, April 1 at 10 a.m.

Kids, age 6 and up, can hop over to the library for egg crafts, Bunny Bingo and lots more fun on Saturday, April 8 at 10 a.m. at the Acton branch or 2 p.m. at the Georgetown branch. Registration is required for this program as well.

For details, call the Georgetown branch, 905-873-2681 ext. 2520 or the Acton branch, 519-853-0301.

Acton Quarry wins awards

Dufferin Aggregates, a major aggregate producer in the Greater Toronto Area, received 13 awards from the Ontario Stone, Sand & Gravel Association (formerly the Aggregate Producers' Association of Ontario) recently.

Nine of the company's sites are involved: the Milton and Acton quarries in Milton and Halton Hills, Mill Creek and Aberfoyle pits in Puslinch, Carden quarry in the City of Kawartha Lakes, Mosport Pit in the Township of Clarington, Graham pit in North Dumfries, Erin Pit in Peel Region, Shelton Pit in Oxford County, and the Flamboro Quarry in Hamilton-Wentworth.

Progressive Rehabilitation Awards recognize ongoing site rehabilitation. The Acton and Milton Quarries, and the Erin, Graham, and Shelton Pits received these awards.

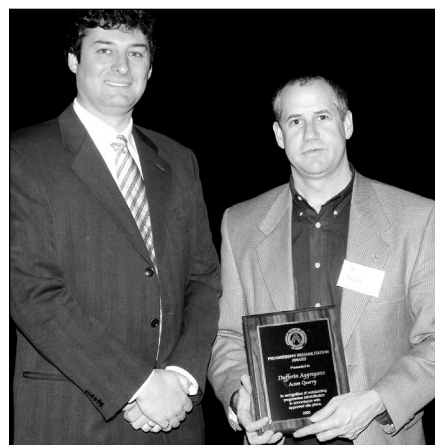

Community Relations Awards encourage and recognize aggregate companies' efforts to estab-

lish relationships with the communities where they operate. The Aberfoyle/Mill Creek, and Mosport Pits, and the Acton, Carden and Flamboro, and Milton Quarries received these.

The Milton Quarry received an Environmental Achievement Award, which recognizes producers that have developed and successfully implemented industry-leading policies, programs or projects that make positive contributions to the environment and to raise member awareness of environmental issues.

"We are pleased to be recognized for our continuing commitments to environmental management, land rehabilitation, and community relations," said Bill Galloway, general manager of Dufferin Aggregates.

Dufferin Aggregates, a business unit of St. Lawrence Cement, is a major supplier of construction aggregates. The company operates six quarries, 13 sand and gravel pits and three distribution yards.

WORLDS CHEAPEST STRESSBUSTER - A SMILE!

Put on a happy face! An annoying musical adage - or sound medical advice? Score a big grin for science. Research shows that the physical act of smiling - even when you don't feel like it - can measurably reduce stress and improve your mood. Psychologist Paul Ekman of the Human Interaction Lab at the University of California, San Francisco, has discovered that faking a smile produces the same changes in brain activity, respiration, skin temperature, and heart rate as a genuine feel-good smile - and these physical changes promote a sense of well being. Smiling may also boost your mood because it elicits positive responses from people. Faking a smile won't jolt you out of a serious depression, notes Ekman, who has been studying facial expressions for 30 years. But it can lift your mood and help you relax!

Drinking and Driving Can Distort Life.

Drink and drive, and your life may never be the same again. You not only risk your life when you drink and drive, you also risk losing your license, incurring expensive fines, doing time in jail or even causing injury or death to an innocent bystander. With all these consequences facing you, driving under the influence is the worst decision you can make. Don't take chances with drinking and driving; there's always a better alternative.

Creating confident smiles since 1982.
