GMHA Champs weekend

House league players will be in the spotlight over the next couple of days as the Georgetown Minor Hockey Association holds its Weekend of Champions at Mold-Masters SportsPlex.

Atom division finals will take place tonight (Friday) night, with all other age groups facing off beginning Saturday at 8 a.m. through until late Sunday afternoon on both ice pads.

If you received a blood transfusion or blood product before 1992, you may have been infected with hepatitis C.

Hepatitis C is a blood-borne virus that slowly damages your liver. Symptoms do not show up for years but you will eventually get sick. Before 1992, screening for this disease was not consistent and many patients became infected through the blood system. So ask your doctor about getting tested. Detection is key to controlling the virus and you may be entitled to financial assistance.
