

# Spring is in the Air

I'm thinking of becoming a rapper  
My kids will ensure I look dapper  
I can surely produce a real knee-slapper  
Inspired by morning visits to the crapper

Speaking of dung  
Now that spring has sprung  
And this isn't far flung  
500 dogs left deposits that clung!

But enough about my lawn  
I can hear you starting to yawn  
My goal is to make you fawn  
over our SALE that began at dawn.

We're intent on crushing the competition  
Our sales team is on a mission  
To help you along with your decision  
We'll meet your needs with great precision

So come on in to see what's new  
Our latest products will dazzle you  
The impression will stick like glue  
Your neighbours will exclaim "U 2" (You Too) !

Finally, to wrap the rap

With all due respect to Eminem & Kanye West  
The 60's & 70's are still the best  
Usher & Fitty have hit their crest  
Our new store's comin', like the music, we've withstood the test.

(That D. is for David not Diddy)
