

Legion Ladies hold elections tomorrow

ANN FELKER
Georgetown Legion Ladies Auxiliary

Georgetown Legion Ladies Auxiliary president Elizabeth McNeilly presented Ms. Margaret Felyce with a \$500 cheque, and Branch president Wade Bond matched the Ladies' donation with a cheque from the branch for the same amount. Ms. Felyce is from the Halton Hills Library's Talking Books for the Blind, which is one of the busiest departments in the library. It is used not only by people who are vision impaired, but, by others heading out on long driving trips.

There will be a Ladies Auxiliary Convention at Branch 609 Bramalea on Sunday, April 30. Colour Party practice and Sports Officers' meeting begin at 12 noon, a light lunch will be served at 12:30 p.m. and the meeting will start at 1 p.m. sharp. Uniforms should be worn if you have one, but are not mandatory.

One team from Georgetown went to Welland to participate in District Darts, but alas, will not go on to Provincials. I understand a good time was had by all.

A cheery 'hello' to all our shut-ins - just to let you know we are thinking of you.

At our next general meeting, tomorrow (Thursday, April 20), Zone Commander Ethel Eastwood and her team will attend to do our elections. The meeting will begin at 7 p.m. and the elections will take place immediately after. This is your auxiliary, so please come out and vote. See you there.

Tooth Chatter

DENTURIST

CLEANING YOUR DENTURES

Keeping your dentures clean is the most important patient responsibility in good oral health. Dentures, like natural teeth, attract plaque, become stained and collect food particles that can cause bad breath. The two best methods of cleaning dentures are brushing and soaking.

SOAKING

Soaking your dentures every night with an effervescent tablet will effectively cleanse away food particles from crevices and spaces between the teeth. It will remove plaque and odour-causing film, and eliminate virtually all micro-organisms.

BRUSHING

The most effective cleansing method is brushing with a special denture brush and paste. Use a special denture paste, as regular toothpaste may be too abrasive, and can damage the acrylic surface of your dentures. Brushing daily will maintain the bright natural appearance, as well as leaving your mouth feeling fresh. Brushing is recommended for removal of plaque. The best cleaning method is to combine both brushing and soaking.

We can clean your dentures professionally for stubborn stains and build up. Also, "Lavdent denture Cleanser" is available through our office, and is the next best thing to Professional denture cleaning

You do not need a referral; simply call our office direct.

Creating confident smiles since 1982.
