- 1 in 5000 Canadians is affected with mitochondrial disease - a rare, progressive metabolic disorder resulting in an energy crisis of the body.
- There is no cure! 'Mito' disease is fatal!
- Our mission: To promote awareness and raise funds in support of mitochondrial disease research at The Hospital for Sick Children. Research of this type is typically under-funded.
- In 2005, The Kirkland Kilbride Research Fund donated \$36,000 which was used to purchase a Real-Time PCR machine!
- A new type of genetic testing is now performed at SickKids hospital because of your help!

**Draw Prizes!!!**  
 Would you like your business/organization's name on the back of our t-shirts?  
  
 Event participants who submit \$25 or more receive a t-shirt while supplies last. Max. 2 per family.
