

Focusing on "Business of the Month"

Every month, Chamber members and local residents have the opportunity to nominate a local business for the Chamber's Business of the Month award. The criteria for selection are: quality of service, unique products, and/or civic involvement which benefits the community. Companies are selected regardless of Chamber membership, and the Chamber presents each of the recipients with a plaque.

The recipients of this quarter are: Papillon's Purification Systems Inc. (April); Savvy Staging Solutions (May); Sunbeach Tanning (June).
Congratulations to you all!

never say no" attitude. After ten years selling purification systems part time, Mike identified a need in the Acton area and decided to make the business a full time venture a year ago. With the positive word-of-mouth advertising and his commitment to low prices, you can expect that **Papillon's Purification Systems** will be keeping customers happy well into the future.

Savvy Staging Solutions, a partnership of Lara Torrance and her mother Catherine, prepares homes for sale, from the curb to the back fence, and everything in between – interior and exterior. The goal is to create additional value within the budget of the owner by achieving the desired and targeted transformation. Lara and Catherine function as stress relievers by working with the owners or doing it all themselves, using professionals and trades as are necessary to make it happen. They apply a three step process: from consultation to recommendations and priorities to implementation through project management. Actual staging is creating ambience by having furniture and accessories in the right place, and often includes editing (strategic removal). **Savvy Staging Solutions** are Home Staging Specialists – not dabblers! – and cover Halton Hills, Brampton, Caledon Hills and Mississauga.
