MEET... Shari White

The Oxford Learning Centre is on the move! At the end of July we will be moving to the Halton Gate Plaza at 324 Guelph St. In addition to having more room for our Core and Advantage after school programs, the larger centre will allow our Little Readers to have their very own space, but we will still maintain the small class sizes so each child will receive the individual attention they need. The small, half-day classes at Oxford Learning's Little Readers Academy® are a fun-filled way for your 3 to 6 year-old to spend the summer and get a head-start for school. Our enriched, individualized program also features writing, math, art, music and reading by phonics.

Summer is also the ideal time to catch-up or get ahead for the next grade at Oxford Learning. First, we pinpoint how your child learns. Then, we create an individualized program that goes beyond tutoring to teach your child to learn and study more effectively. For better grades, motivation and confidence this fall, keep your child's mind sharp with just a few hours each week at Oxford Learning. Contact us today for complete details!

MEET... Northside Automotive Performance

Northside Automotive Performance has been serving the people of halton hills, and surrounding areas since 2000. Growing rapidly, this year we moved & expanded our operation to our new location at the knolcrest center on guelph street in georgetown. We now have a state of the art wheel and tire installation machine, custom exhaust and muffler facility and a full blown cleaning and detailing shop.

Our retail speed shop has also seen a lot of diversification & expansion. We recently hired a full time sales manager to manage our rapidly growing sales. Robbie Kurc joined the company early this year and has since went straight to work adding more suppliers than most speed shops in ontario. Robbie brings a very experienced background with him as well, he has years of experience with parts for muscle cars, imports, hot-rods, low-riders & 4x4s. Robbie is in 10-6 monday to friday and would love to hear from any of you car people out there so drop by for a visit today!

MEET... Dave Hassell

22 years in business and I still treat everyday like it's the first. My staff are personally selected for not only their abilities, but also for their integrity, pride and just a basic desire to please. We try hard to make you feel respected and appreciated in both our service and our work. We take great pleasure in knowing 85 - 90% of our business comes from word of mouth. So if your car or truck requires anything from an oil change to an engine or if you're looking for a great deal on a used vehicle, ask a friend or neighbor about us. We'll look forward to hearing from you.
