## Pipe band to take part in world championships

**IRIS IRWIN**  
Special to The IFP

The Georgetown Pipe Band, which has enjoyed a very successful season on the Ontario competition circuit, is hoping to add to their list of accomplishments when it competes in the World Pipe Band Championships in Glasgow next week.

*Submitted photo*

Pipe Major Tracey Porter credits the hard work and dedication of all the present members who have worked hard during the past three years.

This has included twice weekly prac-

tices under the expert teaching of Thomas Anderson (piping) and Graham Kirkwood (drumming). The band has been involved in many fundraising events, parades etc. to enable them to

make the trip to Scotland where they will also compete at the Rothesay Highland Games on the Island of Bute on August 19.

This fall will be very busy for the band, which supports the local community taking part in the Acton Fall Fair Parade, the Georgetown and Acton Santa Claus Parades, the Acton and Brampton Remembrance Day Ceremonies and the Guelph Scottish Tattoo. At present there are 22 pipers and 14 drummers in both bands with members age 9 and up.

The drummers are under the leadership of Gail Bennett who competes with both bands at all the games. The band is always looking for new members of any age, experienced or willing to learn. The Pipe Major can be contacted at porterte@rogers.com

The Pipe Band is grateful for the continued support and encouragement of the Georgetown Lions Club who have been affiliated with the organization for many years now.
